We developed this online newsletter to keep you up-to-date on the latest tips, news, and success stories from the people making the coordination process work. It is designed to help people using the strategy and those interested in learning more.

Each bi-weekly issue contains:

- Exclusive advice we give to the communities we help
- Updates on those using the process, the hurdles, strategies and successes
- Tips for making the process more successful

Our premier issue contains the article “Nine Reasons for Avoiding Cooperating Agency Status” and an update from Fred Kelly Grant on Logan County, Kansas.

American Stewards of Liberty is the only non-profit organization that is teaching people how to use this powerful strategy. It is not all we do, but it is one of the key elements to fulfilling our mission to restore property rights in America, because frankly, coordination works.

You must subscribe to receive the newsletter, so sign up for your free subscription today by [clicking here](#).

Our goal is to ensure you succeed by providing the tools you need to bring local control back to your community and protect your land, economy and way of life.

Don't miss a single issue. [Subscribe now!](#)
