**Dear family, friends, citizens and business associates:**

## **Center For The Defense of Free Enterprise - Files Amicus Brief in Support of SSNW with Supreme Court**

**SSNW Has a 10% chance of being heard at the Supreme Court (see attached brief). Washington State Supreme Court gets petitioned by nearly 1,500 cases a year, only 150 cases will be heard**

**I like the odds. JD**

## CONCLUSION

1  
2           It is established that the County made little to no attempt to document their basis for  
3 the DS, issuing no findings or conclusions and undertaking a degree of review that was not  
4 commensurate with the IMQ application materials presented. As the record must show  
5 sufficient deliberations and consideration in addition to a final decision to survive judicial  
6 scrutiny, the issuance of the DS by Jefferson County's Department of Community  
7 Development was arbitrary and capricious.

# How Much More Can County Employees Take? Who Will Be Laid Off by Year's End...Amputate DCD and Save Jefferson County

Think about it folks...Frog Mt., Fred Hill, Iron Mt., Security Services NW, Port Ludlow Master Planned Resort, Shoreline Master Program (SMP), M(w)IRA 17, Critical Areas, Mystery Bay "Mystery", No Shoot Zones, and Adult Moratorium(s). You can't make this up or maybe you can if someone else pays for it. All of the above are jobs and tax revenue killers.
