Iowa - The Heartland EXCELLENT

**I | Iowa - The Heartland
2008 floods**

**Where are the Hollywood celebrities holding telethons asking for help
In restoring Iowa and helping the folks affected by the floods?**

**Where's the media asking the tough questions about why the federal
government hasn't solved the problem?**

Asking where the FEMA trucks (and trailers) are?

Why isn't the Federal Government relocating Iowa people to free hotels in Chicago and Minneapolis ?

When will Spike Lee say that the Federal Government blew up the levees that failed in Des Moines ?

Where are Sean Penn and the Dixie Chicks?

Where are all the looters stealing high-end tennis shoes and big screen television sets?

When will we hear Governor Chet Culver say that he wants to rebuild a 'vanilla' Iowa , because that's the way God wants it?

Where is the hysterical 24/7 media coverage complete with reports of cannibalism?

Where are the people declaring that George Bush hates white, rural people?

How come in 2 weeks, you will never hear about the Iowa flooding ever again?

There's a big difference between the people of Iowa and the people of Louisiana .
