

United States Justice Foundation

Dear Fellow American,

If you believe as I do that:

** Barack Obama is a power-hungry tyrant, out to transform America into a weak and second-rate socialist state;

** Barack Obama will not be defeated in November; and

** America cannot survive four more years of this evolving dictator...

... then I urge you to sign on to support a major legal case that we hope to soon argue before the United States Supreme Court.

The case is Drake v. Obama.

It is based on the fact that Barack Obama has never -- EVER -- proven that he is a natural born citizen, eligible to be on the Presidential ballot in the state of California, or in any other state.

I am the lead attorney handling the case.

And, after almost three years of hard work, we are now about to go before the highest court in the land -- the Supreme Court of the United States.

This became necessary in January, when a three-judge panel of the ultra-liberal U.S. Ninth Circuit Court of Appeals denied a rehearing of our case.

They did not deny it on its merits. Instead, they said that since Barack Obama has already assumed the office, the case was moot.

That is ridiculous! And, with the stakes as high as they are for our liberty, for our prosperity, and for the very survival of our nation as we know it...

... we are not going to take no for an answer!

To the contrary, we're now taking this case to the U.S. Supreme Court...

... and what happens between now and when the court recesses at

Over, please..

the end of June may well determine whether America is rescued from the tyranny of Barack Obama!

I'll give you all the details in a moment. But, first, please add your name as a supporter of our pending case before the United States Supreme Court over Barack Obama's eligibility to be on the Presidential ballot in California, or in any other state.

We've been battling to learn the truth about Mr. Obama's citizenship, in both the court of law AND the court of public opinion...

... and we hope to print and distribute up to five million "Supporter Recruitment Forms," like the one I've enclosed for you today while the U.S. Supreme Court is in session.

None of these Supporter Forms will be presented to the Supreme Court, or used legally in our case in any way.

But a tsunami of Supporter Forms will go a long way in proving to the arrogant "Obama Media," and to establishment politicians in both parties, that the questions still circling Barack Obama's citizenship are a real concern to millions of Americans...

... and should be an issue both in Congress and on the Presidential and Congressional campaign trails.

Make no mistake: We are already making it a major issue in the courts, and it is not just headed for the Supreme Court alone.

We are also filing lawsuits in many states, including one that we've already filed in Barack Obama's home state of Illinois, challenging his eligibility to be on the Presidential ballot.

In addition to Illinois, we will soon be filing litigation in at least 15 states.

Our goal? To hit Barack Obama and his Constitutional eligibility to serve as President of the United States on both the state AND federal court level.

Your signed "Supporter Recruitment Form" will help ensure that we have the grassroots and public opinion front covered as well.

And that's important because -- WE ARE LEAVING NOTHING TO CHANCE!

Again, I don't believe that any Republican or Independent candidate can beat Barack Obama in November.

He has too much money, too much support from his cheerleaders in the biased and arrogant "Obama Media," too much of a manpower advantage, courtesy of the leftist Big Labor Bosses, and too much power via the Oval Office.

What's more, based on what happened in 2008, I believe that Mr. Obama will use any means necessary to win, including voter fraud and

Next page, please...

campaign finance fraud.

And the bottom line is this -- if I am right, and if Barack Obama steals another four years in the White House: America as we know it will cease to exist!

We cannot simply sit back and watch this happen without a fight.

So, we are going to use every asset that we have between now and July to present our case before the Supreme Court. We are also hoping to double the number of states that we are challenging his eligibility in from 15 to 30...

... and the objective is both simple, and potentially historic.

We plan to force Barack Obama to truly, definitively, and finally prove that he is a natural born U.S. citizen, eligible to serve as President...

... or withdraw his name as a candidate for President in the 2012 elections.

Nothing more. Nothing less.

But we will need your help, and the help of as many other patriots as possible.

Because we have been battling Barack Obama tooth-and-nail for more than three years now, and we know firsthand that he will not give up without a fight.

My name is Gary Kreep. I am Executive Director of the United States Justice Foundation (USJF).

And, for 33 years now, we have been rightly known as the "legal arm of the conservative movement."

No matter the issue -- immigration and border control, personal liberty, voter fraud, gun rights, federal overregulation -- whenever the Constitution is affronted, or there is abuse of power and corruption by a government official...

... the United States Justice Foundation has been there.

Most recently, we have been the leader of the drive, in both the court of public opinion and in the court of law, to determine the truth about Barack Obama's birth, and his eligibility to serve as President.

As a result, my team of lawyers and I have been personally smeared as "whackos," "birthers," and "fringe radicals" by the likes of Mr. Obama's media puppets, like MSNBC's Chris Matthews and Ed Schultz.

But, make no mistake: We are not now, and have never been, intimidated by Barack Obama, his stooges in the "Obama Media," his goons in the Justice Department, or his hired legal hit men.

Over, please...

Because there is still so much at stake -- and because facts are facts.

And the facts are, there remain many unanswered issues that we are pursuing surrounding Mr. Obama's past that go right to the heart of the question of whether he is eligible to serve as United States President.

Issues that include:

- 1) The authenticity of the long-form birth certificate Barack Obama "released" in April of 2011. There are serious issues with this document that must be investigated by independent document experts, before we can accept it as genuine.
- 2) The Constitutional issue of Mr. Obama's and Eric Holder's Department of Justice argument, saying that ordinary citizens -- meaning you and me -- do not have "standing" to challenge the eligibility of a candidate for President.
- 3) The Constitutional issue of ensuring, through the states, that eligibility is confirmed before a candidate is allowed on the Presidential ballot (this is what we plan to argue before the U.S. Supreme Court).
- 4) The issue of whether Mr. Obama was adopted by his stepfather, Mr. Sotero, and as a result lost any U.S. citizenship that he MAY have had.
- 5) The issue of Mr. Obama traveling to Pakistan in the 1980s, using a non-U.S. passport -- he has stated that he did not obtain a U.S. passport until he was a U.S. Senator (2004, or later).
- 6) Why does it appear that Barack Obama has no valid Social Security number?
- 7) And, why does it appear that Barack Obama never properly registered (as required by law) for the Selective Service System?

Bottom line? There are still many, many questions swirling around Barack Obama's birth, citizenship status, and his eligibility to serve as President of the United States.

Chief among them are these: If there is nothing at all that Obama wants to hide, why did he reportedly spend more than \$2 million to silence anyone questioning his past -- and why, if what he presented in 2011 was, in fact, a valid birth certificate from the state of Hawaii, did he wait almost three years since the first eligibility suit was filed to release it?

This last question is, to me, the most puzzling.

Either Barack Obama still has something to hide, or he is so

Next page, please...

arrogant that he would allow this serious question about the leader of the free world to fester for years.

But, whatever the reason, his socialist agenda threatens to destroy our great nation, and forever transform it into a second-rate country.

He is trampling over the Constitution. He is snubbing his nose at the rule of law. He is dismantling our military and nuclear deterrents. He is dividing our nation by class and race. And he is bankrupting the nation.

This would be bad under ANY circumstances.

But, to think that our nation is being systematically taken apart by a man who may not even be eligible to serve as President is unimaginable!

~~Yet, that may be exactly what is happening.~~

And, frankly, we owe it to both our ancestors, and to our children, to see this campaign through to its full conclusion.

Which is why we are not giving up this fight...

... why I hope you will sign on as a Supporter of our eligibility case before the U.S. Supreme Court,

... and why I hope that you will rush your "Supporter Recruitment Form" back to me, along with a most generous donation of \$25, \$35, \$50, \$75, \$100, or more to USJF today.

Please, I know that I am asking a great deal of you today.

But I also know that we may be all that is standing in the way of another four years of Barack Obama in the White House...

... and I don't think our nation can, or will, survive four more years of this tyrant!

That's why we are waging a frantic multifront campaign to ensure that Mr. Obama's eligibility to serve as President is front-and-center on the campaign trail, and in both federal and state courts across the land.

Again, we are right here and now:

- 1) Appealing to the United States Supreme Court the U.S. Ninth Circuit Court's decision denying our Drake v. Obama challenge to Mr. Obama's eligibility to be on the ballot in California.
- 2) Fighting in state courts to force Barack Obama off the ballot in Illinois, and 14 other states.
- 3) Working with grassroots allies in key states to ensure that Mr. Obama's eligibility to serve as President is front-and-center on the campaign trail.

Over, please...

None of this comes cheap. Yes, most of our attorneys are patriots, and have volunteered their services. But there are tens of thousands of dollars in related court and legal costs that we have no control over and must pay.

What's more, public relations efforts (such as this Supporter Recruitment campaign) also reach into the millions of dollars.

But frankly, we want to, and must, do more.

Specifically, we want to advertise our legal and grassroots challenges to Barack Obama's eligibility in the states and in the Supreme Court on TV and on the radio in key states across the country.

But, as a tax-exempt, nonprofit organization, every dollar that we spend must come from the money we raise from generous patriots like you.

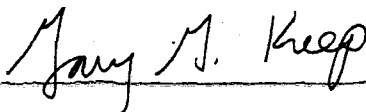

I hope and pray that you understand. And that you will, without delay:

- 1) sign your "Supporter Recruitment Form"; and
- 2) rush it back to me today along with a most generous, and much needed, tax-deductible donation of \$25, \$35, \$50, \$75, \$100, or more to USJF.

Thank you. Together, I know that we can prevail, and that we can rescue our nation from the fraudulent socialist tyrant who now occupies the White House.

And prevail we must because, with the very survival of our nation at risk, failure is simply not an option!

Sincerely,

Gary G. Kreep, Esq.
Executive Director

P.S. If we win our Drake v. Obama appeal in the United States Supreme Court, Barack Obama's Presidency will be all but over by as early as July. But we need not win in the Supreme Court to rescue our nation from this socialist tyrant. No sir! All we need to do is win our challenge to Mr. Obama's eligibility to be on the ballot in just one or two key electoral states like Illinois -- and we will have effectively made it all but impossible for him to win in November. But we cannot succeed without your support.

So again, please, sign your "Supporter Recruitment Form" and rush it back to me today along with a tax-deductible donation of \$25, \$35, \$50, \$75, 100, or more to USJF.
