

U.S. Congressman Endorses Controversial “Escape Plan” for Middle Class Americans

Millions Now (Legally) Eligible to Avoid High Income Taxes, Expanding Government Regulations... and Retire 5 -10 Years Ahead of Schedule without triggering an IRS Audit... or Giving Up Citizenship

From the Desk of Bob Bauman,
Legal Counsel to The Sovereign Society

Bob Bauman

Dear Reader,

4,000 years ago, Egyptian pharaohs used slave labor to build giant pyramids.

Today these ancient, triangular buildings are featured on the US \$1 bill. Coincidence? Perhaps not...

The vast majority of Americans are also enslaved. The only difference is, we're not building a shrine to our elected leaders. We are being forced to help dig our OWN financial grave.

Despite the fact that...

- **Federal Income taxes have soared from 1% to a high of 38%...**
- Property taxes and sales taxes have ratcheted-up...
- And sneaky, back-door fees have been sprung on small business owners... and investors...

The government's appetite for wealth destruction has only grown stronger!

Each day, they seek out new and unusual ways to gorge on our freedoms, liberties... and life savings.

That's why I recently endorsed a controversial plan. One that can help any American citizen – regardless of income, age or location – safely (and legally) “opt out” of this rotting, rigged system.

To be sure, this “Escape from America” plan has many high-powered enemies in Washington DC.

They've invested countless hours and billions of dollars to obscure the truth... and "trick" you into believing this plan is illegal. But it's not.

Far from it!

In the next few pages, I'll explain everything.

But first – with your permission – I'd like to share an important part of my life's work. Something I've spent the better part of the past decade researching, vetting and refining.

To be clear, this has NOTHING to do with "subscribing" to an investment newsletter service. Nor am I asking you to buy a report. But if you're struggling to wrap your head around this challenging economy... you've been overwhelmed by the idea of going "offshore" and you're concerned about the future – this brief memo will be of great importance to you.

In the next few minutes, you'll be fully eligible to claim:

- **FREE Advance Copies of my most popular, privately printed guides from *Forbidden Knowledge to Where to Stash Your Cash Legally*... AND Free updates for life, so your personal Offshore Library will NEVER go out of date.**
- Complimentary access to Online DVDs, Audio Recordings and Transcripts from the 2009 Offshore Advantage Academy... 2010 Total Wealth Symposium and ALL our future conferences. Without Leaving your home office, you'll learn...
 - The Three Safest Ways to Transfer Money Offshore.
 - Four Legal Ways to Save Taxes Offshore, Including **How to Earn a Tax-free \$91,400 Each Year!**
 - 15 Questions You MUST Ask When Purchasing Foreign Real Estate
- **FREE Lifetime membership to The Sovereign Society, including our flagship monthly newsletter, *The Sovereign Individual*.** So you NEVER get blindsided by unknown threats to your wealth... or overlook a golden opportunity that gets "buried" in the mainstream press.
- And much more...

Our goal is simple: To help you

Easily (and Safely) Escape High Income Taxes, Expanding Government Regulations...and Retire 5-10 Years Early

Now...

It is true what they say: "Knowledge is power."

But there's a catch.

Most of what you'd call "knowledge" is either out of date or out of reach!

You wouldn't use an 89-year-old map to navigate a bustling new city.

That would be crazy!

And odds are, you don't have time to drop EVERYTHING... explore all the nooks, and crannies of the Offshore world... and *still* do your job... raise a family... and manage your investments.

(Without kissing your sanity “goodbye.”)

And that's precisely why we set about creating a “nerve center” for Sovereign Individuals. A place where you can pluck from the most effective and timeless wealth building strategies PLUS the most relevant, up-to-date knowledge available – all the while supported by an action team of highly-trained wealth advisors, lawyers, accountants, *New York Times* best-selling authors and bankers – from around the globe.

It's the best way I know to put an end to money worries, provide abundance for your family and detach your fate from that of the U.S. government.

Until today, such a “place” never existed...

We've been laboring for the past 12 years to make it a reality.

And just this past winter – we came to the conclusion that it had to be deployed ASAP.

We've reached a critical tipping point.

Millions of Americans are leaving (or planning to leave) the country. According to Zogby Research, a massive and silent migration is underway. Families are packing their bags...and deciding to go offshore at the rate of 54-per minute! (Some seeking a full-time residence... others a part-time tropical vacation home where they can live like royalty for \$20,000 a year.)

The government, of course, won't tell you about this. Heck, the Feds don't even keep figures on Americans living abroad. And for good reason. If they DID and those figures leaked out – they could cause a panic.

That's why it's critical that you act, while you still have the option. (Before the Obama Administration slams the door.) And why I took it upon myself to launch the Freedom Alliance – a small group dedicated to helping you escape this inevitable reality.

As an aspiring Freedom Alliance Member, you can get complimentary access to a powerful offshore toolbox – what I call **the Escape from America Kit**. This “Plan B” will help you achieve a much higher level of awareness and freedom – in the comfort of your home. Even if you never decide to set foot offshore.

Here's what you'll find inside:

Escape From America Kit: Part 1 of 7:

Your own, Private Library of “Forbidden Knowledge” that NEVER goes out of date

If you were to buy all my books as they came out, you'd spend upwards of \$396 a year to stay current.

And it would be worth every penny.

But when you choose to become a *Freedom Alliance* member, you will NEVER have to pay for my research again. **Each time I release a new book – or update an existing one, we'll let you know. Then you can get a copy, free of charge.**

Whether you want to read the seventh edition of *The Passport Book... Where to Stash Your Cash Legally... Lawyer-Proof Your Life... Panama Money Secrets* – or any other book I've penned – you'll find your personal library is always available and never out of date.

These step-by-step guides will help you cut through the clutter... and give you the confidence to pursue a liberated lifestyle.

All you have to do is fire up your laptop... Settle into a cozy chair and you'll discover hundreds of life-changing secrets, like...

- **How to obtain an EU Passport so you can *live and work permanently* in any of 27 European countries without immigration troubles...**
- Websites and contact information of over 80 foreign embassies and consulates that will take the hassle out of going “offshore”...
- **How to experience all the luxury of Western Europe at half the cost... artsy cafes, ornate villages and pastoral towns – for pennies on the dollar – that combine the charms of yore with today's sophistication...**
- 100 common legal concerns and how you can handle them yourself without paying high fees to hire a lawyer...
- **The best ways to deal with the government in disputes over Social Security, disability payments and workman's compensation...**

- Where you can earn your first \$87,600 *this year*, tax-free (up to \$175,200 if you're married) *and* boost your disposable income by as much as \$52,000 a year...
- **How to set up a family foundation in a tropical paradise and use it for investments, tax-sheltering and commercial business projects – while leaving a lasting legacy to those you love – not the government...**
- Invest in “off-limits” markets forbidden to 99% of U.S. investors and add an ironclad layer of protection to your wealth.

And because your library will be secured online – there is no need to worry about anyone snooping through your collection – or leaving it behind. Access it from anywhere on the planet. (FYI... If you'd prefer a hard-copy, you can request one at any time.)

Escape From America Kit: Part 2 of 7:

“Jump-Start” Your Offshore Escape Plan... with FREE Admission to our 2010 Total Wealth Symposium

When you're ready to make your “Escape from America” plan a reality – it's time to attend the Total Wealth Symposium.

Each year, this event has completely sold out – with standing room only. And I'm convinced, next year; we'll stop taking reservations months in advance. At this moment, just 161 slots remain open. First come, first served.

But as a Freedom Alliance Member, we will reserve you a seat in Montreal *and* waive the \$895 gate fee.

This is your chance to rub elbows and toss back a couple drinks with men and women who are “in the trenches” putting what you've learned into action. There is no better way to accelerate your offshore goals and walk away with a rock-solid asset protection plan that can be put to work immediately. (And have a great time while you're at it!)

Here's what a few of our members had to say...

“I feel great! I am now able to put my full energies towards my business and enjoy life. I have actually noticed that I am now more relaxed and confident in my everyday living.”

–Joe Parks, 2006 attendee, Offshore Advantage Academy

“There's very little information that I can get my hands on outside of The Sovereign Society that I can really trust.”

–Pamela Thorten, paid-up member since 2002

“I'm making better than 20% of what I'm investing in... It also gives me piece of mind to know I have assets that people don't know about.”

–Isaac Weston, paid-up member since 2007

**“Funny how the best
advice comes from people who
AREN'T part of the
Washington/Wall
Street Machine.”**

“The Sovereign Society tells you the truth. They find investments that no broker would tell you about or anybody else. I haven’t found any source anywhere that’s as good as this... It’s must-have information.”

–Ross Finkelstein, paid-up member since 2006

“Your program gives me confidence in getting money offshore and investing it outside the United States.”

–Derek Jackson, paid-up member since 2009

“The information has all been profitable. Each day has been a pleasure and an adventure.”

–Ron Elkwood, 2008 attendee, Offshore Advantage Academy

“The beauty of all this is, you get to meet people just like you... share information and compare notes.”

–Christopher Levin, 2006 Attendee, Offshore Advantage Academy

“The best thing for me was... it wasn’t intimidating.”

–Dan Eckhart, 2008 attendee, Emergency Money Summit

Hundreds of our readers pay upwards of \$895 for this experience. In fact, I’ve been told it’s like soaking up a semester’s-worth of knowledge... in just a few days. But as a Freedom Alliance Member, **it’s yours, absolutely free.**

Escape From America Kit: Part 3 of 7:

On-Demand Audio and Video Recordings from ALL Sovereign Society Events, from Offshore Advantage ... to Total Wealth Symposium 2010

“What’s working RIGHT NOW?”

To answer that question, our most serious subscribers travel to Panama, Bermuda, Mexico, etc. to attend our conferences. Each year, they spend \$2,000 to \$5,000 on airfare and travel costs – plus admission. – for good reason. The information revealed at these events can’t be found anywhere else.

But what if you can’t get the time off – or spend \$5,000 to make the trip?

That’s why we offer Freedom Alliance Members complimentary audio, video and transcripts from EVERY event we hold.

This is must-hear information for anyone who values superior investment and asset protection ideas – or seeking to live the "American Dream" that's become so out of reach for most U.S. citizens.

Here’s just a taste of what you’ll discover:

- **How to hit the ground running with the basics of opening an offshore bank account.** In no time, you’ll understand the exact do’s and don’ts to get you offshore quickly and safely...
- **The only three nations left** in the world where you can legally buy citizenship and obtain a second passport. Plus one you **MUST** avoid entirely.

- How the Federal government is secretly planning to “nationalize” all or part of your retirement account. (No joke!) And what you can legally do about it.
- **The automaker that Ashish Advani calls "The Ford Motor Company of 1910... of India,"** is poised to enter the U.S. market in a couple years. But you can get in on their rise early and potentially clean up.
- **How to achieve a higher quality of life and a lower cost of living.** One that includes five-day-a-week maid service for \$125 a month... romantic dinners for two from \$20... and stable beachfront real estate for dimes on the dollar.
- **One popular haven you must avoid ENTIRELY.** (Yikes... They rewrote all their privacy laws with the help of the U.S. Treasury!)
- **Keep your hard-earned wealth in your family!** Make sure your heirs completely avoid the hassles of probate AND inheritance taxes by setting up one of these trusts.
- **Four legal ways to save on taxes offshore...** including how to earn a tax-free \$91,400 each year – with the IRS’s blessing!
- **How to permanently disconnect (expatriate) from the U.S. Tax System, legally...** find another country that offers greater personal freedom... and obtain another passport.
- These are just a few of the power-packed lectures you can download and listen to from our Offshore Advantage Academy (Plus... you’ll be among the first to receive full PowerPoint presentations and audio from our soon-to-be sold out Total Wealth Symposium.)

Like paid-up member, Jessica Hastings, you may find yourself saying,

“I want to listen to it over and over again.”

It’s true... listening in on these seminars is like getting \$2,795-worth of hard-fought insight each and every year... without even packing a toothbrush. There is nothing like “being there” personally but this is the second best way to accelerate your Offshore game-plan, from the comfort of your own living room or iPod.

These Online CDs sell for upwards of \$500 a year. But as a Freedom Alliance member, they’re yours, FREE.

Escape From America Kit: Part 4 of 7:

Get the World's Top Legal Minds to Work for You – Pro Bono!

As you know, it's impossible to walk into a lawyer's office without paying hundreds of dollars – minimum. (I personally charge \$500 an hour for legal advice.)

But imagine if you had not just me – but a whole team of elite lawyers looking over your shoulder... Scanning the horizon for threats to your wealth... Fast-tracking the paperwork and red tape that stifle so many small-businesses... AND fighting for your rights and liberties – right alongside you each month.

That's the spirit behind our most important new service called Legislative Defense Alerts. All year long, we monitor what government officials are up to – and zero in on the most pressing concerns. When one arises, we'll report back to you in an easy-to-understand “cliff notes” format each time...

- The U.S. Supreme Court makes a ruling that could impact your wealth...
- Menacing legislation is taken up in committee – and edges its way toward a critical vote...
- Freedom-hating organizations, like the OECD, threaten offshore assets...
- And when one of the trusted havens we monitor adopts or modifies rules on second-citizenship, wealth management or travel visa requirements.

When you consider that **just one of these alerts could potentially save you \$10,000... \$50,000** or more – it's hard to imagine that we'd give them away to Freedom Alliance Members – for life.

But this is an investment we're prepared to make to ensure that our closest friends and associates are spared the indignity of an IRS audit... a malicious lawsuit or a Federal “bait-and-switch” ruling that leaves you high and dry.

You'll also get...

Escape From America Kit: Part 5 of 7:

Complimentary Lifetime Subscription to *The Sovereign Individual*

In the pages of our monthly flagship newsletter you'll find in-depth insights and analysis covering a wide array of investment opportunities, asset protection and tax planning.

Our 23,605+ members tell me this is much closer to a full day seminar in print. Each month it arrives via first class mail, delivering what many refer to as that critical, elusive “AHA-moment.” The one they've been searching for, where the light bulb in their head finally “clicks on.”

Many of the opportunities discussed in TSI offer the potential to make a MINIMUM of three-times your money in as little as just weeks.

I promise, you will NOT find these on Wall Street or your local brokerage. You can't. These

rare little blockbusters come straight from the horse's mouth... inside contacts... heads of banks and "power players" who have more connections than Richard Branson or Bill Gates.

And it's yours FREE – for life – with your Freedom Alliance Membership.

Yes! There's more...

Escape From America Kit: Part 6 of 7:

A Direct Audio Link to our Exclusive "Offshore Millionaire" Conference Calls (Plus FREE PDF Transcripts)

Sometimes a great idea can't fit into two or three pages of *The Sovereign Individual*.

And that's why we've decided to expand our analysis to include live conference calls. As a *Freedom Alliance* member, you'll get a direct vote on what we cover next... and a chance to pepper our guests with questions.

Then... you can listen-in "live" or simply wait a day or two and receive the full transcript to read at your leisure. Just don't be surprised by the frank, "off the cuff" nature of these calls. We are all friends here and should

some adult language slip out – or perhaps a politically incorrect reference – you should not be shocked.

"I can't believe this material is being released to the general public, it is far too powerful..."

Current topics of discussion include...

- **How to get penalty-free distributions from your IRA long before you retire...**
- Taking advantage of offshore havens with low corporate tax rates (as low as 16%) and low personal tax rates (as low as 18%)...
- **Where you can tap into the exotic world of hedge funds – even if you don't have six-figures to invest.**
- What never to do when opening an offshore bank account.

These private conference calls will carry a price tag of \$348 per year when they are made available to the general public. But you can dial in, absolutely free.

You'll also get...

Escape From America Kit: Part 7 of 7:

Freedom Alliance “Strategic Investment Reports”

This will keep you ahead of the curve.

These are not normal times... And to help you adjust to the changing landscape and emerge stronger when the “dust settles,” we will be issuing detailed reports several times a year. These bulletins focus on big-ideas and breaking trends from real estate to foreign equities to controversial – yet explosively profitable – strategies to hedge your portfolio and achieve abnormally high returns.

For example – we just published:

- ***From Crash to Cash: How to Profit from the Biggest Housing Bust Since the Great Depression.***
- *Escape from America: The Top 6 Countries for Residence, Dual Citizenship and Second Passports.*
- ***Emerging Wealth: Two Simple Ways to Profit from the World’s Fastest-Growing Economies.***
- *The Short Path to Profits: Grab 50% to 1,225% on the Next Market Crash.*

These reports are valued at \$39 to \$99 apiece. However, they cannot be measured by a price tag. Because what they can do for you financially speaking. Each has the capability to help you make – or save tens of thousands of dollars in a matter of weeks. And as a Freedom Alliance Member, you can download them all - free of charge.

Everything I’ve mentioned above is posted on a private website... where you’ll also find a message board. Feel free to add your two cents – or enjoy the back-and-forth with your fellow Freedom Alliance members and special guests. (You never know who may drop in!)

Sound good?

Alright... Now the moment of truth:

“You Have a Very Important Decision to Make...”

The way I see it you have two options:

Door #1: If you do nothing: Your fate will be tied to that of the United States... insolvent banking systems... a disintegrating dollar and “eat the rich” policies that will undoubtedly cripple your retirement – and erode years of hard work.

Door #2: Or... like hundreds of other Sovereign Individuals reading this letter... You can REFUSE to be paralyzed by pessimistic headlines. Instead, you can take action and achieve a level of wealth, security and privacy that gives you the ability to spend your time as you see fit – without undue interference from any individual, government, business or interest-group.

Frankly, I cannot make this choice for you. But I seriously doubt you’d have read this far if you weren’t ready to take the next step. After all, you and I are cast from a different mold. We take direct responsibility for our happiness... our success... our future – without groveling for bailouts.

Whichever one you choose, I won’t pass judgment. But I can personally guarantee: Whatever time or effort you invest to pursue your goals and pry yourself from the grip of a rigged, rotten system – will be returned to you ten-fold.

It doesn’t matter if you spend 10 minutes a month or a few weekends a year – you’ll get back what you put in many times over.

So let’s recap what I’m prepared to give you...

	Annual Value	With Alliance Membership
Copies of my Best-Selling Books and FREE updates, for life	\$396	Included
Annual Admission to the Total Wealth Symposium	\$895	Included
Online DVD or Audio from EVERY conference we hold	\$500	Included
Legislative Defense Alerts	\$300	Included
Lifetime Subscription to <i>The Sovereign Individual</i>	\$49	Included
“Offshore Millionaire” Conference Call Series	\$348	Included
Strategic Investment Reports	\$261	Included
Total 1-Year Value:	\$2,749	

The two-year value is \$5,598...

Over five years, it’s \$13,945!

But if you reply to this memo by Wednesday, March 31st, you can get all this at **an incredible 90% discount.** (You’ll save \$1,854 this year... and more than \$28,854 over the next 10 years.)

ALRIGHT... How Much Does it Cost?

Most people would expect to pay between \$1,500 to \$2,000 plus an annual fee of \$300. But this is not about money. It's a chance to bring us all together – in a way that would have been impossible just a few years ago.

For that reason, we are running the Freedom Alliance more like a traditional “non-profit” group – that reinvests its knowledge and resources in its own members.

And that's why we're NOT charging annual dues of \$2,000... \$1,000 or even \$100...

This week's special, one-time membership fee is \$897. (That covers your initiation and dues for the first year and makes you a member of our private circle for as long as you care to stay with us.)

I think you'll agree this is more than reasonable. At that rate, your membership will pay for itself... in less than one year.

Thereafter, it's just \$49 per year. As you can imagine, this barely covers our costs – printing, labor and shipping. (Heck, our monthly newsletter, *The Sovereign Individual* normally costs \$49 a year by itself. As a Freedom Alliance member, you'll get ten-times that.)

[ENROLL NOW](#)

If you find yourself put off by this amount – no hard feelings. You should not feel “less than” or embarrassed. It just means this opportunity is not for you.

But if you agree with me that NOW is the time to prepare... and you'd like to lock-in this ridiculously low rate for lifetime access to our most sought-after books, conferences and digital audio recordings (for starters), here's...

What to Expect...

I've told you much about how the Freedom Alliance works in this letter but the instant you apply, you'll be sent the full details... our complete schedule of meet-ups and events... what you can expect when we meet and much more.

Right off the bat, you'll get

- **Our Online DVDs from the Offshore Advantage Academy – taped on location in Los Cabos, Mexico PLUS full footage and handouts from our annual sold-out Total Wealth Symposium..)** These crash-courses are designed to get you up and running offshore in a matter of weeks – and familiar with the most exciting alternative investment opportunities in the world...

Just call 1-866-584-4096 and we will immediately Buy-Back your membership – no questions asked.

It's my way of saying "thanks" for having the guts to look beyond the same old, tired, "dead-end" solutions being peddled by Wall Street

Why would I hand you the keys to my life's work for free?

Because I've spent twelve years preparing for this day – reporting on investment and personal finance strategies the government hopes you'll *never* hear about. Look... our team didn't rise from a small, four-person group (crammed into a 10 by 15-foot office) to the far-flung and successful operation you see today by sheer luck or "gotcha" sales tactics.

It is my belief that **YOU are the best judge of how to spend your time and money. And so I will respect your decision either way.**

And on a personal note...

Thanks again for your part in making it possible for me to do what I love here at The Freedom Alliance. And I hope you'll be with us – prospering with ever-greater financial security and peace of mind – for years and years to come.

If you feel the same way, I strongly suggest you take advantage of this unprecedented offer to save 90% off our most controversial (and powerful) research to date.

Again, this is your last chance to join the ranks of our Freedom Alliance. At 11:59pm on Wednesday, March 31st, we will bar any new members from joining. If and when we open up the Alliance again, it will cost hundreds of dollars more. So if you are interested, I urge you to reply today.

Sincerely,
