As many of you will recall, the 2015 Regional Educational Citizens Equal Rights Alliance (CERA) Conference, "THIS LAND IS OUR LAND . . . OR IS IT !?!", was held on Sept. 26th in Kalispell, Montana. I have posted and shared the video from the conference, with the exception of the talks given by Lana Macussen. I was unable to edit and share Lana's fabulous info due to a computer/video glitch.

The great news is that the problem has been resolved, and the first Lana video is up and running and may be viewed at the link below. Although it is lengthy, it contains such vital information that I have done very little editing. I hop to follow soon with the last 2 videos from the conference.
