

Top Construction Firm: WTC Destroyed By Controlled Demolition

Veteran Middle East correspondent Alan Hart: Largest engineering firm studied collapse of twin towers and said there was no doubt it was a controlled explosion

Respected Middle East expert and former BBC presenter Alan Hart has broken his silence on 9/11, by revealing that the world's most prominent civil engineering company told him directly that the collapse of the twin towers was a controlled demolition.

Speaking on the Kevin Barrett show yesterday, Hart said he thought the 9/11 attack probably started as a Muslim operation headed up by Osama Bin Laden but that the plot was subsequently hijacked and carried out by Mossad agents in collusion with elements of the CIA,
