Media & Four Brokers of the Apocalypse

American Government Should Be Starving
To Death - Not Its Natural Born Sovereign
& Free Citizens

This perspective needs to be repeated
over and over until we stop encouraging

the continuance of taxing ourselves to death perpetuating a feudal & barbaric model that has come to be associated with an "advanced civilization".

I periodically receive emails from hard core property rights people who still think more taxes or a particular tax reform is the best way to go or at least an interim step.

Please do not promote any taxes upon the natural born, sovereign and free.

- You may as well promote blood letting using leaches.
- There is no good tax.
- Taxes are all destructive and not necessary.
- Just the opposite of what we have been taught to believe by institutional governance.

Tax taking of private property including our wages goes against all the founding and fundamental laws of land.

- The taking of private property by semantic swindling code names,
 - like "fair tax", VAT tax, "flat tax", consumption tax
 - go against the laws of the land and the fundamental laws and
 - often prior historic high court president rulings.
- The organizations promoting this tax taking "reformation" are lining their pockets with millions
 - by the ignorant who have swallowed the hook, line and sinker.
- Once again Americans bite the bait when they confuse a few choices to be FREE CHOICE.
- All taxes applied by force and deception are destructive.

We do not need to "transition" out of taxes, WE NEED TO GET RID OF THEM.

- The myth of direct & indirect taxes applied upon the natural born is maligned
- and propagated by the Four Brokers of Bankruptcy, i.e.
 1. Bench,
 2. Bar,

3. Bankers and
4. THEIR political Brokers, i.e. their government

TAX 101

1. Sales tax are an indirect tax and must be uniform across the states and
 - cannot be applied to the natural born as an add on till tax.
2. Direct taxes must be apportioned by population to the states.
 - Any for of direct taxes MUST BE APPORTIONED TO EVERY MAN, WOMEN AND CHILD.
 - Current property taxes, income taxes and sales taxes upon the natural born are unconstitutional
3. The ONLY constitutional sources of income for the government are:
 1. uniform indirect taxes paid by the corporations and businesses
 2. the lease and sale of government owned lands
 3. customs import duties upon foreign countries and business trading in America
 4. the federal printing press.
 5. THERE IS NO MORE FOR THE GOVERNMENT.

So called "Direct taxes" are not only immoral, they are highly destructive and need to be eliminated totally.

- Even the Federalist could never get unanimous approval on this clause.
- The direct tax clause is highly distorted, perverted is a better word.
- There was NO unanimous approval.
- This is why the Federalist diluted the Constitution with Article 7
- i.e. they did not have an unanimous approval of the 13 states, so they settled on 9 as "sufficient" for ratification.

- Only 9 states vote for ratification of the 13 = 69.2%
 - And this was the lawyers doings according to the author of "The Constitution That Never Was"

American moral and fundamental principles have been so thoroughly perverted,

- people do not understand what is right and wrong anymore.
- Fundamental truths are not relative nor are they progressive.

There are no constitutionally applied and defined "direct taxes" existing today!

- There have only been three times in history when they tried to stick this into the eyes of the states.
- It never did worked.
- It is near impossible to apply.
- There are precedence setting, repeated high court rulings, against
 - property taxes, income taxes and the taxing of any wages.

All sales taxes must be costed into the price of the goods or service by the merchants and

- then passed on IF the business sees fit when competing with other merchants.

You want to FENCE IN the government and those who use it with ONLY the above "legitimate" revenue.

- This was the intension even of the pro big central government Federalist types.
- The Anti Federalist were much more prophetic and correct.
- Once you create a cental government to "protect" you,
- YOU have just created your own destruction.
- Never Ever give up your power to someone else to "protect" yourself
- This is tanamount to giving up you side arm to a stranger to protect your family

The dark side is bleeding American's to death.

- Bailouts are like throwing ether on the fire.
- The government needs to be put in a position whereby it has no choice but to starve itself to death.
- Thereby the people will be set free.
- Free people and free markets create the wealth.
- Government does not create anything!
- Government & Corporate Institutions both become predatory sharks
- We cannot continue to blow up a balloon of debt to protect us.
- This is an oxymoron.
- Bailouts are the symptom of the problem NOT the cure.
- You cannot long force the sovereign several states and the sovereign and free natural born state CITIZENS
 - to further perpetuate this House of Debt
 - by the Four Brokers of the Apocalypse.

The problem is the system which has been created by and revolves around These Four Brokers.

- The solution is simple, perhaps unbelievable to you
 - Get rid of all forms of forced direct and indirect taxes upon the natural born
 - Get rid of all interest charges upon the natural born
 - Give the natural born allodial title, i.e. the title of kings
 - Then set them free

Once the Four Brokers of the Apocalypse cannot so easily bankrupt the natural born

- they will better care in lending and seducing others into their spider webs and cocoons of apocalypse
- designed to suffocate the sovereign and free people into a life of debt by design
- with endless cycles of buddy bailouts to perpetuate their syndicated crime organizations.

The government and those who control it, i.e. the Four Brokers of Death

- Will never have enough of your private or public property.
- Do not promote any form of touching or trespass upon anyone's private property

These are all weasel words equivalent to the other myths perpetuated by these Brokers, e.g.

1. "alternative energy",
2. "man caused global warming",
3. "man caused endangered species"

They take by stealth, deception and subversion while corporate media spins the superstition into "facts".

The federal government was intentionally restricted to a 10 square mile sand box around D.C.

- The states are also limited by these same restrictions except they cannot print money.
- The Fed has pimped itself into a leviathan while
- the several states have prostituted themselves into a position of bottom feeding

We have no government now.

- It is a municipal corporation enjoined with national and global businesses.
- They have amassed a virtual fortune beyond anyone's ability to visualize the scam.
- There is no law requiring anyone to pay a so called "income" tax.
- The high court has ruled on this several times so saying.
- Income is profit or gain NOT wages.
- Wages is your labor and is NOT profit or a gain.

We live on the surface of a balloon that is intentionally over and under inflated.

- This whip saw force sends shock waves through the lives of Americans for generations.
- This constant shocking of our economy tears down our traditions, security, frame work of right and wrong
- And eventually uproots those outside the circle of the Four Brokers
- These shock waves have hurricane like force which devastate the average family
- Even the strong and well prepared are hurt.
- The Four Brokers of the Apocalypse intentionally continue this game for the profits.

Centuries of this "bull whipping" of our private property ultimately uproot are lives and traditions.

- Thereby, The Four Brokers of the Apocalypse can more easily take anything they want, any time they want.
- This is where we are in America and the world.
- The great depression was orchestrated, as well as the Civil War, WWI and most of the wars.
- The Freedom movement is rapidly routing out and distributing these not so self evident truths

The current "House of Bailouts" gives you a real picture inside the house of tyranny

- Created by the bench, bar, bankers and CONgressional brokers
- A House of Debt built upon deception, extortion & subversion
- Constructed over 233 some years.

The bailouts are the symptom NOT the solution

- The solution is to overturn the money taking boards and tables
- Set upon the sovereign states & natural born sovereign & free state CITIZENS.

The enormity of the takings against private property owners

- over the last 233 some years is truly unimaginable, indescribable, unbelievable and staggering.
- "The founding lawyers regarded inferior courts as a vital link to the Supreme Court
 - for maintaining federal supremacy." The Constitution That Never Was.

The current tax system upon the natural born in American is not just unconstitutional

- It is literally killing families for feudalistic nonsense.
- People are killing themselves and their families.
- Six families in California recently pulled the trigger on each other BECAUSE OF THE SYSTEM.
- They are being pressured unjustly out of their homes
 - All because of the creation of phony myths of scarcity,
 - of usurious interest
 - diluted titles,
 - that the bench, bar and bankers promote
 - to take your homes, land, vehicles, wages, family estate, etc.
- The Four Brokers of the Apocalypse have destroyed everything we have fought and died for
- 92% of Americans do not even know it

There are no founding laws sanctioning any of these illegitimate takings of private property.

- There are high court rulings of precedence cases against much of this being ignored by the lower courts.
- All while the bench, bar, banks and the government brokers create more legal fiction takings
 - of our private property and traditional way of life.

People do not understand the pecking order of a Democratic Republic vs. the current form of fascism

- People do not understand that the game board is rigged to destroy

us all for the 4 Brokers of Death Profits

- American's are just starting to see the light at the end of the tunnel of these hard truths.

You may follow the trail of taking and look over my shoulder to see how this has happen.

- If you wonder how they have been able to take so much, it is very simple.
- They do it one tax at a time.
- The taxing takes many forms, visible and invisible.
- A recent federal court ruling Washington State declared a King County land restriction was an illegitimate tax
- <http://www.freedomforallseasons.org/FreedomFromTaxes.dwt.asp>

One of the speakers at the last GoodNeighborLaw Forum said it best, I thought.

- We must nip these takings in the heel of the basic assumptions.
- The house of "bailouts" are built upon the quicksand of false fears, paranoia and takings by deception.
- This is how ALL our private and public property are taken.
- Every piece of "legislation" coming out of every state in the corporate "united states"
 - takes away from your free will and free choice, directly or indirectly
 - generation after generation

The thief comes in the night when you are sleeping.

- The solution is simple, turn on your lights and arm yourself with the hard truth.
- Once you are able to see clearly who is taking your birth rights
- YOU know what to do.
- Align yourself with your fellow freedom seekers and spread the word
 - "The Four Brokers of the Apocalypse are coming"
 - "The Bench are coming"

- "The Bar are coming"
- "The Bankers are coming"
- "The Political Party Brokers are coming"
- Sound the alarm in the ole Bell Tower in you communitites
- YOU KNOW WHAT TO DO
