

We have a Military-Industrial driven economy--The only way that this business model works is that the country must be in a continual state of foreign conflict or providing assistance to failed states--We are now the third most populous nation in the world right behind China and India-- We have exported all our domestic industry to foreign shores and what we have is an ever increasing percentage of under and unemployed because we now have more people than we have full time jobs--As immigration increases and technology advances, this situation will only get worse--More and more people chasing fewer and fewer jobs

This is very POTENT !  
I'M so glad someone had the  
GUTS to send this out !

**We're broke ASS AMERICAN'S!!**

**We're "broke" & can't help our  
own Seniors, Veterans, *Orphans*,  
Homeless etc.....**

**We allow illegal aliens to enter our  
country, have babies that we  
provide FREE housing, medical**

**care, food stamps, welfare,  
education that cost us broke ass  
Americans 22 BILLION a  
year...not to mention the thousands  
of Americans that have been  
victims of crimes and DUI's.**

**In the recent past we have provided  
aid to Haiti, Chile, and Turkey.**

**Our retired seniors living on a  
'fixed income' receive no aid or  
get any breaks while our  
government and religious  
organizations pour**

**Hundreds of Millions of \$\$\$\$\$'s  
and Tons of Food into Foreign  
Countries!**

**We have hundreds of adoptable children who are shoved aside to make room for the adoption of foreign orphans.**

**USA, a country where we have homeless without shelter, children going to bed hungry, elderly going without 'needed' meds, and mentally ill without treatment - etc,etc...**

**YET.....**

**They have a 'Benefit' for the people of Haiti on 12 TV stations, ships and planes lining up with food, water, tents clothes, bedding, doctors and medical supplies.**

**Imagine if the \*GOVERNMENT\* gave 'us' the same support they give to other countries.**

**And don't forget our new Health Care Law mandates that we all pay into it or pay a fine, or go to Jail if we don't. Yet Illegal Mexicans and Arabs still get free Health Care in our country at our expense! It is written in the bill that way!**

**Sad isn't it?**

**99% of people won't have the guts to forward this.**

**I Just Did!**
