Subject: ARIZONA FORENSIC INVESTIGATOR JACQUELINE BREGER REVEALS HOW MEXICAN CARTELS ARE ENGAGING IN MULTIPLE RACKETEERING OPERATIONS TO RIG ELECTIONS

Just received this information yesterday (THANK YOU AMY). This discovery is so stunning am forwarding with other information coming out on same breaking subject.

 - a. *Public officials who have received bribes include multi-state office holders, State House and State Senate, local office holders, county supervisors, judges in the Maricopa [Superior] Court, judges of some city courts, including two presiding judges, judges assistants, prosecutors within certain cities within Maricopa County, prosecutors for Maricopa County, peripheral legal specialists including attorneys, approved mental health care providers, as in court-appointed advisors and related specialists. In the Superior Court of Maricopa County and Pinal County and Pima County, at least 25% of the active judges have accepted bribes in exchange for protecting the racketeering activities. Bribe payments generally begin before the individual is even appointed to the bench. **Maricopa County Records Office has at least five appointments made by Adrian Fontes, our county recorder from 2017 to 2021, who are phantoms, non-existent individuals. These phantom individuals hold positions related to election services.***
 - b. *In October 2020, shortly before the November 3 election, Thaler was provided certain information. First was evidence that the Maricopa County computer database had been designed with various backdoors allowing us or outsiders to infiltrate it and to change the data. Second, was the identities of bribed recipients, which included elected officials. **And third, on October 26, 2020, Thaler's team discovered approximately 25,000 falsified ballots being held and with a significant sum of cash in a private residence in Mesa, rented to Dawna Chavez. I do have a declaration in your packet that you've been provided, detailing that.***

In bombshell testimony at the joint Senate and House Elections Committee hearing on Thursday, Breger accused Hobbs and several of the Maricopa County Supervisors, 12 Maricopa County Superior Court judges, and even the mayor of Mesa of taking bribes from the Sinaloa drug cartel in the form of money laundered through a housing deed scam.
- b. “These documents have definitely evidenced multiple racketeering enterprises,” she [continued](#), “which include narcotic sales, money laundering, tax evasion, payroll, theft, bankruptcy fraud, life insurance fraud, auto insurance fraud, bribing of elected and appointed officials, creating and modifying public record, falsifying professional licenses and related credentials, swatting individuals who pose a threat to these enterprises, and last but not least, election fraud.”

ELECTION FRAUD IN AMERICA - A NATIONAL DISGRACE

"Do not say that I am deceiving you today. The fact is that it's necessary for me to speak before you, and therefore sow seeds of confusion in your minds. If a true seer should see what I am doing, what a laughing stock I would be in his eyes. But now there is no escape from it."
