Subject: A Treatise on Cam Lights vs. Rights - CAUTION HARD TRUTH ZONE

cc: Association of Washington Cities

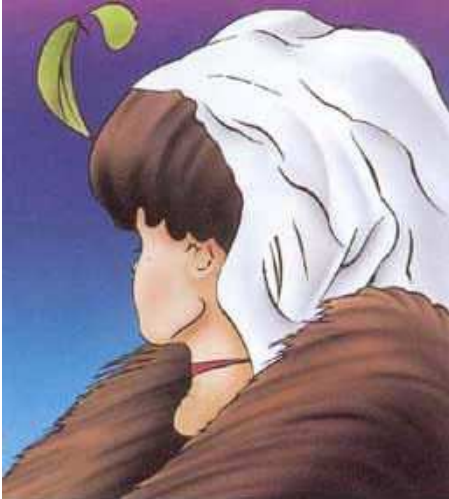

bcc: Washington State House & Senate, Governor's Office, My Washington U.S. Senators & Representative, Washington State Supreme Court, Property Rights & Freedom Groups, Friends, Media, King County DDES, Eyman & Company

Dear Auburn Washington Mayor Lewis, City Council & Traffic "Engineering":

OPENING

Thank you for your quick response. I appreciate the opportunity to communicate with you and your staff. This is a rare opportunity.

The following information was dug up after near 4 years of growing research on American history mostly from many others hard work uncovering why our freedoms have become so thoroughly eviscerated. The truth is stranger than fiction and often quite unbelievable.

<http://www.moillusions.com/2006/05/young-lady-or-old-hag.html>

SHIFTING YOUR BELIEF SYSTEM TO BETTER SEE THE TRUTH

In order to understand what has happen to our freedoms, it is imperative to shift your perception at least for a short period of time to see the other side of the picture of what you and many other cities are creating.

I was raised in a government family and was taught to love and respect my country and and government. My Father was a U.S. Dept. of Agriculture Forest Ranger and very proud to serve his country in war and peace. All that respect is gone.

Your brief analysis of "safety & financial logic" is why we no longer have a Constitutional Republic, this is agenda stats. This may be a very honest attempt by you you and your staff to try to make us safe; however, you are killing us making us "safe". "safe".

- We used to call this "dry labbing" in engineering
- Whereby one would select the data to fit the outcome one wanted
- It could be real data or made up data but it was never the complete data
- It was just a piece of the data to show what wanted to convey

The above optical illusion is about as close of an example I can find to convey a theme of taking you and your staff may have difficulty believing?
 Can you see the two profiles of women, i.e., an old "hag" and a beautiful young women?
 women?

COUNTING THE WAYS CITIES ARE TAKING OUR BIRTHRIGHTS

Why is this relevant to your statistics you emailed me below whereby you try to convey convey your honest attempt to protect me and the "city"?

LET ME COUNT THE WAYS in random order.

1. Auburn city is a municipal corporation with authority **ONLY** over its own employees.
2. Natural born state Citizens are free & sovereign with a bundle of God given & Constitutional given unalienable rights, please see attached.
3. My rights include but are not limited too
 - the right to travel freely without restrictions, e.g.
 - no driver licenses can be legitimately placed upon state Citizens
 - driver "licenses" can only be constitutionally taxed upon corporate fiction fiction business, i.e. commercial licenses
 - the same for licenses plates
 - These are all indirect tax that can only be charged upon commercial vehicles
 - no cameras, videos, speed traps, or any other obstruction to traveling is constitutional
 - this type of taking is orchestrated for money and power
 - by herding the free & sovereign people into fraudulent "adhesion contracts"

- **these tools of "safety" violate just about every right we have as you will read on**
 - **the right to not be trespassed upon**
 - **the right to privacy**
 - **the right to be secure in our private property including our vehicle**
 - **you have no legitimate authority to "prevent" me from have an accident**
 - **that is my responsibility and right to protect myself**
 - **you have no right to protect me or any other natural born free sovereign state Citizen**
 - **you have the right to protect your city employees but not by taking away my unalienable rights and**
 - **not as a pretense to encroach upon my private property, including my vehicles**
 - **Said another way, you are creating traps to encroach upon my free birthrights (entrapment)**
 - **the right to be free from invasion**
 - **the right to not be held in bondage**
 - **the right to decide the law, i.e. whether it is good or bad**
 - **the right to disobey any laws, acts, codes, ordinances, penalties, fines, fees, licenses, permits, ad nauseam**
 - **WHEN they are repugnant to the U.S. Constitution, Declaration of Independence, Common law, Natural laws or God's law.**
- 4. Government bodies, municipal corporations, government employees have no rights, rights, only certain limited privileges,**
- **most cities and counties and all states are corporations as well as D.C.**
 - **you cannot make free State Citizens "safe" from one another**
 - **i.e. even if you take away all their vehicles, guns, knives, property, clubs**
 - **we are born free**
 - **and by our freedom we defend ourselves and become safe**

- **government protects our rights and our borders so we can protect ourselves**
- 5. **Government employees cannot legitimately convert these enumerated rights into privileges and then war upon us and our rights**
- 6. **Government employees and non government groups cannot create, invent, propagate, ad nauseam**
 - **"laws, acts, codes, ordinances, penalties, fines, fees, licenses, permits, regulations" to cloak, shroud, transform or..**
 - **otherwise make subservient our God given birthrights.**
- 7. **Courts, councils, legislatures, executives cannot legitimately take or encroach upon upon our private property**
 - **including our vehicles by the spinning webs of traps for the excuse of our "safety".**
 - **This is all a form of taxation without representation going against the founding laws of the land**
- 8. **The American judicial system, CON..gress and the applicable executive offices are beyond corrupt, they are criminal.**
- 9. **It is because of the gerrymandering of CON..ress that our individual and state sovereignty have been destroyed**
- 10. **So called "speeding laws", "drunk driving laws", "unsafe driving laws", "licensing "licensing laws", ad nauseam are..**
 - **all unconstitutional, unnatural, uncommon and absolutely unnecessary.**
- 11. **Regulation of our unalienable rights goes against all of the founding laws of the land and the laws of the laws**
 - **You cannot regulate my birthrights to make me "safe"**
 - **This is a classic oxymoron**
 - **All regulation is an indirect tax which is unconstitutional upon the sovereign, sovereign, free State Citizens**
 - **You cannot legitimately preempt any of our bill of rights, natural rights or unalienable rights**

- Government has no jurisdiction or authority to make one person "safe" from a another person's use of their birthrights
 - This enabling act of government to make us "safe" only robs the free people from their rights to protect themselves and
 - determine where the real harm lies
12. With this sort of simplistic and totally naive "statistical & financial" agenda mind set of making me "safe"..
- You have effectively and very successfully worked your way into my life,
 - my home, my land, my vehicles, my sovereignty and my freedom,
 - all clearly against the founding laws of this land and the laws behind those laws
 - King County and all of the green Puget Sound Counties are criminal in the abuse of these tactics
 - All of the kings courts and men cannot put our freedoms back on the wall again using this insanity
13. You have violated not only your oath of office but have become a public threat & criminal ..with all due respect
- you have taken my rights away to defend myself when and where I so choose
 - ignorance of the law is no excuse, I am sure you have heard of that line before before
 - this line is used often by law enforcement who have no clue of the founding laws of the land
 - there are no secrets about you and your agenda in Auburn
14. You and your council and all government employees responsibility is NOT TO MAKE ONE PERSON SAFE FROM ANOTHER
15. YOUR SWORN OATH IS TO PROTECT OUR CONSTITUTIONAL AS WELL AS OUR UNALIENABLE RIGHTS
16. YOU MUST UNDERSTAND YOU CANNOT KEEP ME "SAFE" OR

"PROTECT" ME FROM MY RIGHTS

17. PLEASE SEE THE SHORT LIST OF 60 UNALIENABLE RIGHTS ABOVE

NO JURISDICTION NO AUTHORITY

You and your council have no business, no authority, no jurisdiction to encroach upon upon anyone state Citizen's birthrights

- **this trend of tyranny and perpetuation of "weapons of rights destruction" have have been created out of legal fiction**
- **you are creating a police state which wars upon our sacred unalienable rights to keep us "safe"**
- **even if all the kings men and kings courts and kings CON.gressmen say verily verily you may take what you need to be "safe"**
- **that goes against all our founding, common and natural law**

No court, legislature, executive, special interest group, profiteering business has been given any authority..

- **let alone the right to play God with PRIVATE PROPERTY, e.g.**
 - **vehicles, land, home, privacy, animals, equipment, inventory of same on my property**
- **You are creating the crime before it happens and have the nerve to call it public "safety"**
- **MAD Mothers do this with all due respect for the suffering of their lost children**
- **We have too many laws and regulations on the book already to enforce those who injure others**
- **The next thing you will see is the counties telling us how to build our homes and manage our land to keep us safe....**

- little joke here that is not funny all so you see how socialism and communism creep into our life

When our certain bundle of unalienable rights become second place,

- America quickly falls from grace into what we have become today, a police state.
- There is never enough police to enforce tyranny taking
- There is never enough "laws" when you arrogantly continue to use FORCE
- IRONICALLY,
 - ALL THAT HAS BEEN GIVEN TO US WAS DERIVED FROM FREE CHOICE ...
 - HAS NOW BEEN SYSTEMACTICALLY REPLACED WITH A GOVERNMENT OF NO CHOICE & TYRANNY

The 9th & 10th Amendment in our Bill of Rights is another red flag against red lights. lights.

- In the 9th Amendment our Framers recognized other rights that precede the Constitution, rights inherent in Anglo American Common Law and in Natural Law.
- In the 10th Amendment they emphasize only a few powers have been delegated to the union of the several states, all the rest are reserved for the sovereign states and sovereign state Citizens.

Cities, counties, state and federal enclaves have very effectively created a self imposed illusion

- of entangled regulations to punish an act BEFORE it becomes a crime.
- This is more red flags (red lights) that there are too many self serving over reaching CON..gressional takings of our basic rights

- **This maize of cancer like cells clearly goes against all the laws of the land and the laws that led to the making of these laws.**
- **The Constitutional law, Common law, Natural law, God's law clearly cover all all that we need.**
- **To go beyond centuries and millenniums which created these basic principles is to consume the very rights these laws were made to protect.**
- **We are destroying people birthrights to protect them, how insane is that!**
- **The media, political parties, educational system, government, central bankers are totally criminal creating this illusion**
- **The natural born, sovereign, free State Citizens have gone into deep hibernation for 232 years to numb itself**

SO CALLED TRAFFIC "PROBLEMS"

- **Many of the root sources for your so called "traffic problems", like the image illusion above, have at least two views**
 - **It may offend you to tell you the hard truth, i.e. YOU and your council have created ALL these problems**
 - **The real problem is the agenda behind this rat packing of our once little towns, towns,**
 - **as well as "parking" out our rural areas and shutting down growth**
 - **turning towns into high density "Stepford towns"**
 - **depriving people of their rights to protect themselves, e.g. Washington D.C.**
 - **This is a UN Agenda 21 so called**
 1. **"Sustaining Development"**
 2. **"Smart Growth"**
 3. **"Growth Management Act"**
 4. **"Critical Area Ordinances"**
 5. **Wet Lands**

- 6. **ad nauseam nonsense labeling and profiling, i.e. targeting**
 - **This labeling is a semantic swindle of our basic founding laws and birthrights. birthrights.**
 - **In fact the nature of rat packing little towns into ant colonies drives up crime, crime, exponentially**
 - **All of this social engineering comes from socialists in Europe and moves west west**
 - **This is a green plague, highly contagious, spreading like wild fire across our once quiet little towns**

- **Over 90%++ of the Oregon State Vehicle Drivers Have Had a "Ticket" in Their History of Driving**
 - **I learned this from a Software Engineer working for me who had worked for the Oregon DMV**
 - **This is because of the self fulfilling government created paradigm**
 - **whereby more legislation begets more regulations which begets more enforcement**
 - **which begets more tyranny which begets more takings and encroachment encroachment upon our**
 - **private property including our vehicles, homes, land, families**
 - **while transforming the natural born sovereign and free state Citizens into.. into..**
 - **common criminals which begets more government and prisons and more more illegitimate taxes**
 - **which begets a social disease whereby more government and non government ...**

- grow like cancer killing off the normal healthy once free and sovereign independent Citizens
 - thus the natural born sovereign and free State Citizens are converted into into criminals
 - And the government employees are mistakenly deluded they are solving our crime problems
 - one third of our prisons are filled with illegals who should have been stopped at the borders by force
 - God knows how many other poor soles are incarcerated because of the corruption in our CON..gress & Courts
- Do you know that 99% of these so call traffic tickets are not "legal" even within their own illegitimate & abusive framework
 - Any "good" member of the ABA Club can get you off for a few hundred dollars
 - Because, the police issuing the tickets are not performing the necessary due diligence to the letter of the law
 - they can only handle so many laws themselves before they too just become ineffective members of the borg
 - What you have here is a very dysfunctional & co-dependent city - legislature - court racketeering wheel of taking
 - Only the poor and ignorant who cannot afford to pay a member of the ABA Club will be fined and jailed
 - This same cycle of co-dependent self destruction prevails at almost every level and color of the "law" in America
 - Did you know that in approximately 3 blocks the average driver has "violated" some stupid traffic code
 - This the same picture with almost every taking of our property rights
 - Prior high court rulings, the founding laws and the laws of the laws have been swept under the carpet.

EROSION OF THE ORIGINAL LAWS OF THE LAND

The original laws of the land were given to chain down this type of thinking of social control over our individual rights.

- After millenniums of trial and error evolution of law, civilizations developed the following...
 - natural rights
 - natural law
 - experimenting with new ideas that we are
 - born to become sovereign and free
 - born to be "God Like" and divine
 - born NOT TO BE SLAVES OR ENSLAVED OR BONDED
 - BORN NOT TO BE TAXED OR COERCED
 - BORN TO BE ABSOLUTELY FREE
- PUBLIC POLICY has been MORPHED INTO CRIMES AGAINST THE FREE CITIZENS BY SPECIAL INTERESTS
- Big cities and an alarming number of smaller rural towns are ..
 - perpetrating this deception for power & profit
 - under the guise of many hollow, near myth like "stats" & junk science labels
 - that "social ordering" is "beneficial"
 - while not telling you the WHOLE TRUTH
 - PUBLIC POLICIES CANNOT BE USED TO TAKE INDIVIDUAL OR STATE SOVEREIGNTY
 - THESE ARE GUIDES ONLY, SUGGESTIONS, FREE CHOICES

You and your council and uncountable city governments, county governments, state governments and federal governments are

- upside down and backwards ...with all due respect
- mutating & mutilating these precious God given birthrights into
- a diabolical, tyrannical, delusional and paranoid Stepford Town of taking

Government has orchestrated an agenda of closet takings against the free and sovereign sovereign state Citizens.

- The courts and the executive office in turn, circle their wagons to protect the cancer and allow it to grow
- Instead of doing their Constitutional job, sworn by their oath, to eviscerate this this evil, especially within public officials
 - The three branches, the states, cities, counties, federal and foreign government collude and are complicit in..
 - taking anything their greedy sticky little fingers can take FROM "A" AND AND GIVE IT TO "B"
 - THIS IS CALLED STEALING, I.E. THOU SHALT NOT STEAL
 - ONE OF THE MOST BASIC AND OLDEST LAWS IN CHRISTIAN SOCIETIES

WHY WE LOST OUR RIGHTS

We have lost our rights because we have lost our..

1. separation of powers of the three branches and
2. the SOVEREIGNTY OF THE STATES and
3. THE SOVEREIGNTY OF THE NATURAL BORN FREE & SOVEREIN STATE CITIZENS
4. CON..gress, CO..URTS, EXECUT ...ives CULTURE & BREED & colluded "regulations" into cancer
 - that spread over the body of freedom

- this dis...ease has mutated into an aggressive & deadly taking
5. ALL THE GREAT LAWS HAVE BEEN WRITTEN IN STONE & PARCHMENT HAVE BEEN USURPED
- Only special interest groups like the American Bar Association can wrap us around their axle
 - with each turn of the wheel of tyranny
 - they do not have the eyes to see the growing mountain of "cause & effect" effect" and ultimate karmic retribution
 - We have too many laws, too much regulation, too much corruption
 - We are all choking on this ball of hair shoved down our throats
6. 100% of government employees and 95% of the people cannot see this other picture

AMERICA IS NO LONGER A CONSTITUTIONAL REPUBLIC

Priority	Majority Rule Democracy	Constitutional Republic
1	Global Elite	Creator
2	Majority	Individual
3	Government	Constitution
4	Public Servants	Government
5	Case & Statute Law	Public Servants
6	Corporations	Statute Law
7	Individual	Corporations

The original healthy body given to us when we were born in 1776 is atrophied into a "mobacracy".

- The original young Constitutional Republic body HAD enormous strengths
- These birthrights made us free which..
- in turn manifested a Spirit of Freedom BEYOND COMPARE which in turn
- quickly spread over America and the world
- until special interest drove us into bankruptcy

THE USE OF FORCE & ILLUSION, I.E. SHORT TERM THINKING

- **When you take away or block someone else's free choice by force.....**
 - **You in turn are forced to add more force to your staff**
 - **This type of thinking and perception has systematically taken all of our private our private property & rights**
 - **More fear begets more regulations begets more force**
 - **How many of the following does it take to turn a town into a gulag?**
 - **red lights, cams, radar traps, police, tickets**
 - **nonsense green takings**
 - **unconstitutional so called "zoning" takings**
 - **unconstitutional property taxes stealing from A to give to B**
 - **illegitimate use of eminent domain to make your Stepford Town generate generate more revenue**
 - **corrupt courts & Con..gress turning the free & sovereign into common criminals**
 - **highway traffic inappropriately backing up and jamming up everyone in the cities**
- **Your statistical and financial "logic " only reflects the illusion (Stepford Town) you you want to see and have others see**
 - **You have managed to "successfully" take every God given right we have to keep us "safe" from ourselves.**
 - **Being "safe" is my responsibility NOT yours, not the government and not the the MAD Mothers**
 - **Do not entangle me with your self serving agenda & pandering political paranoia**
 - **You have a very limited constitutional sand box to play in**
 - **Stay in your constitutional sand box and try to be nice to everyone**

HOW TO DISTINGUISH GOVERNMENT employees FROM SOVEREIGN FREE STATE CITIZENS

- **DO NOT CONFUSE ME WITH ONE OF YOUR AUBURN CITY EMPLOYEES EMPLOYEES**
 - **I AM A NATURAL BORN STATE CITIZEN WHO IS SOVEREIGN AND FREE**
 - **I do not work for you or your city**
 - **I am retired and independent and sovereign and FREE**
 - **Your or your employees have no legitimate constitutional, common law or natural law jurisdiction over me**
 - **Try hard to be very kind to your employees and**
 - **Be obedient to your businesses community supporting your bad habits**
 - **Do not bully anyone like most other Mayors I know**
 - **Learn to have great respect for the natural born sovereign and free State Citizens**
 - **I know you want to pretend you are a corporate CEO AND a Mayor but you can't be both**
 - **You cannot turn sovereign & free State Citizens into employees..**
 - **no matter how many traps you & CON..gress & the courts devise**
 - **You cannot make an old "hag" into a beautiful young women or visa versa**
 - **You cannot play God or CEO over anyone except your own employees**
 - **even then you would be an ogre to do so**

LEARNING HOW TO BE FREE AND ALLOW OTHERS TO BE FREE

- To live free and to be free is to do the opposite of what you, your council and Association of Washington Cities are doing.
 - Mayors should be stewards of freedom nurturing free choice to grow
NOT CONSTANTLY usurping it
 - with every chance the shameful courts, congress & colluding executive offices give you
 - Mayors should BREAK their old defensive paranoid delusional habits, e.g.
 - creating numbers telling you what yourself and others want they want to hear

- obeying the AWC like puppy dogs
 - obeying the WEC
 - obeying the National Association of Cities
 - obeying the UN Agenda 21
 - Following like a dog where the Seattle Office of Sustaining Development tells you to go
 - Pandering to green extreme groups or bike extreme groups tells you what what to do
- Learn to live by your oath and the U.S. Constitution and the Declaration of Independence
- Our once small friendly towns have become dysfunctional tyrannical fortresses..
 - vying to control the surrounding urban and rural land
- The standard to be free is very simple -
 - FREE CHOICE FOR ALL
 - FREE CHOICE means no extortion of private property owners..
 - Including their homes, land, vehicles, wages, etc.
 - Freedom means not converting our birthrights of traveling into crooked cam & radar traps
 - all for more illegitimate government revenue under a semantic swindle called "SAFETY "
 - This charade of selective memory of the laws of our land cannot continue any any longer
 - Eminent Domain was never intended to be used for commercial Monopoly game playing of people's life's and their property
 - Tyrannical decisions by the New London, Connecticut City Council and the U.S. Supreme Court decision is a travesty
 - This is another testimony of the vile nature of governments, small and big big
 - The Founding Fathers never meant this power to be used this way

- You and your Council and the criminal counties in Puget Sound cannot play "Russian Rolette or Monopoly"
 - with people's businesses and homes
 - to create your fantasy Stepford Town or county
 - even though the Legislature, Courts and Executive offices circle their wagons around you
 - This too is all unconstitutional, uncommon, unnatural and ungodly

FREEDOM ORIENTED SOLUTIONS FOR CITIES TO PONDER

- Over some period of time freely agreed to by ALL in the city limits offer the following
 1. Establish a theme for your city or multiple themes
 2. Establish multiple concentric like areas fitting your present zoning and geographic boundaries
 3. On the inner core area shut down traffic completely allowing only foot traffic
 4. On the second "ring" directly outside of the core, allow foot and bike traffic only
 5. On the third "ring" outside of the second "ring", allow foot and bike and and horse traffic
 6. On the forth "ring" outside of the third "ring", designated these areas you you "Park & Ride" zones.
 7. On the fifth "ring" encourage all the large box stores and groceries stores stores to gravitate.
 1. Ring 5 will be direct drive to businesses
 8. Provide free or low fee transit to all other "rings".
 9. Take out all your red light and traffic monitoring spy cams
 10. Disarm your police and take them out of their cruisers
 11. Put them ALL on bikes with NO weapons
 12. Edict all Auburn City employees park their cars at the Park & Ride lots and shuttle them back and forth with transit
 13. Stop forcing "eminent domain" on business or private property owners
 14. Stop all use of force and coercion on anyone

15. The City of Enumclaw and its Mayor should be the antithesis of what to do
16. King County and its Executive and council should be the antithesis of what to do
17. FORCE DOES NOT WORK, THE COURTS DO NOT WORK, CONGRESS DOES NOT WORK, Executives are very sick people
18. Establish no private property tax zones especially to retired and low income folks (first wave)
19. Gradually over time expand these no property tax zones throughout the city
20. Over time, transfer this "lost" unconstitutional revenue to other constitutional sources, e.g.
 1. Educational taxes on businesses who may absorb and pass this cost on free market competition for consumer business
 2. Encourage private schools into your area to compete with public schools
 3. Offer special incentives to attract the private schools to come in
 4. Encourage private foundations to set up small private school scholarships for low income and high achiever students
21. Over time reroute all highways out of the city limits
22. Spread yourself out, grow out not in and up and do this THROUGH VOLUNTARY ATTRITION OF PROPERTY
23. NEVER EVER USE EMIENT DOMAIN, IT IS A DIRTY BLOOD STAINED HIGHLY ABUSED "POWER" OF GOVERNMENT
24. I am sure you and your council and most of all the businesses in town
 - can think of a thousand better ways to remake yourself based on love love and compassion
 - they all MUST BE in the spirit of FREE CHOICE COMPLIANCE
 - NO FORCE CAN BE USED
 - NO COURTS CAN BE USED
 - ALL CITY ATTORNEYS MUST BE FIRED OR RETIRED
 - NO CON..GRESSIONAL LEGISLATION MUST BE FOLLOWED
 - NO MORE PANDERING TO THE GREENS
 - NO STEALING FROM THE PROPERTY OWNERS OF ANY

KIND

25. **If any city in this state can accomplish even a fraction of these constitutional transformations...**
- they will shine like a star in the night
 - Businesses, retired people & freedom loving people all over America will flock into these free zones
 - The old barbaric government run cities will atrophy over time
 - We must divorce ourselves from this taking kind of mentality
 - We must oust the global agenda to rat pack and socialize a once free nation
 - This primitive & feudal over controlling, lording and hording of people has got to stop
 - We are not ants nor bees
 - You cannot colonize or tyrannize natural born sovereign & free state state Citizens ANY LONGER
26. **All legislation must be frozen & unwound back to the most most basic constitutional laws.**
- We have created a monster of entangling, strangling, deadly green and red cancer that ..
 1. has suffocated the breath out of our individual free spirit in in America.
 2. All because of political paranoia, pandering & hysteria.

TIP OF THE ICEBERG OF HISTORICAL CON..GRESSIONAL TAKINGS BACKGROUND FYI

- Property taxes are unconstitutional and have been so ruled by at least 4 high courts courts
 - If property taxes are unconstitutional in one state, they are unconstitutional in all the other states

- **CON..gress must go back to basics and reestablish in stone ALL OUR LOST RIGHTS**
 - **Property taxes are direct taxes NOT apportioned by population, thereby unconstitutional**
 - **Our once proud teachers have collaborated in one of the most diabolical takings of private property in history**
 - **The NEA and its sister state groups are a disgrace to America**
-
- **The 16th Amendment and so called "Income Taxes" are also unconstitutional**
 - **This has been so ruled by the high courts over and over in history**
 - **Income was meant to be on multi-fiction corporation profit and gain NOT on wages**
 - **Also the 16th Amendment never received the necessary 3/4 vote of the then 48 state**
-
- **The current sales tax system in this state is unconstitutional**
 - **A sales tax is an excise tax and cannot be levied directly upon State Citizens**
 - **The tax must be absorbed by the multi fiction corporation and priced competitively into the product or service**
 - **Then the natural born sovereign & free state Citizen pays the tax freely IF**
 - **the product or service is priced competitively and..**
 - **if the sovereign & free Citizen freely chooses to buy the product or service**
-
- **The so called "Federal Reserve" is not federal nor is there a reserve**
 - **It is unconstitutional also**

- **The foreign and national banks have turn our treasures into debt long ago**
- **Every war has ruined us**
- **"The home of the brave and the land of the free" has been enslaved by global powers for profit**
 - **the world wars could not be fought without massive loans**
 - **the central bankers obliged and brokered both sides**
 - **Believe it not - the winner becomes the loser & the loser is more free free**
 - **Can you see the illusion?**
- **The ONLY constitutional viable long term peaceful sources of government revenue revenue are**
 - **Uniform applied indirect taxes on legal fiction corporations**
 - **This includes customs, duties, imposts**
 - **The sale, lease, mining, logging of state public lands**
 - **Apportioned direct taxes were never meant to be used EXCEPT**
 - **In times of grave emergencies**
 - **at rates of 1/4 of 1%**
 - **by voluntary contribution**
 - **Most of the colonies hated this form of tax and did not want it**
 - **They made it very very hard to use**
 - **Why would they impose a tax on themselves which they were running from?**
 - **More on this later in another report**

GENERAL WASHINGTON'S VISION

General Washington was bestowed with a vision of our future - please read attached above.

- **"Son of the Republic" is a profound & prophetic divine message worth pondering upon.**
- **America is in the last stage of the vision.**

CLOSING

Thank you for allowing me to share some 4 years of growing research in these areas. This is only the tip of the iceberg of the takings of our freedoms. Each of you may also want to perform you own due diligence on these facts.

Farmers, ranchers, rural property owners, 2nd Amendment groups & tax freedom groups are joining up sharing this information.

- **The darkness of taking is very slowly lifting.**
- **We wait for the dawn of a new free era when there will be no taking or tyranny tyranny tolerated in America.**

If you would like more information let me know and I will send you and your staff selective supporting research on these key takings.

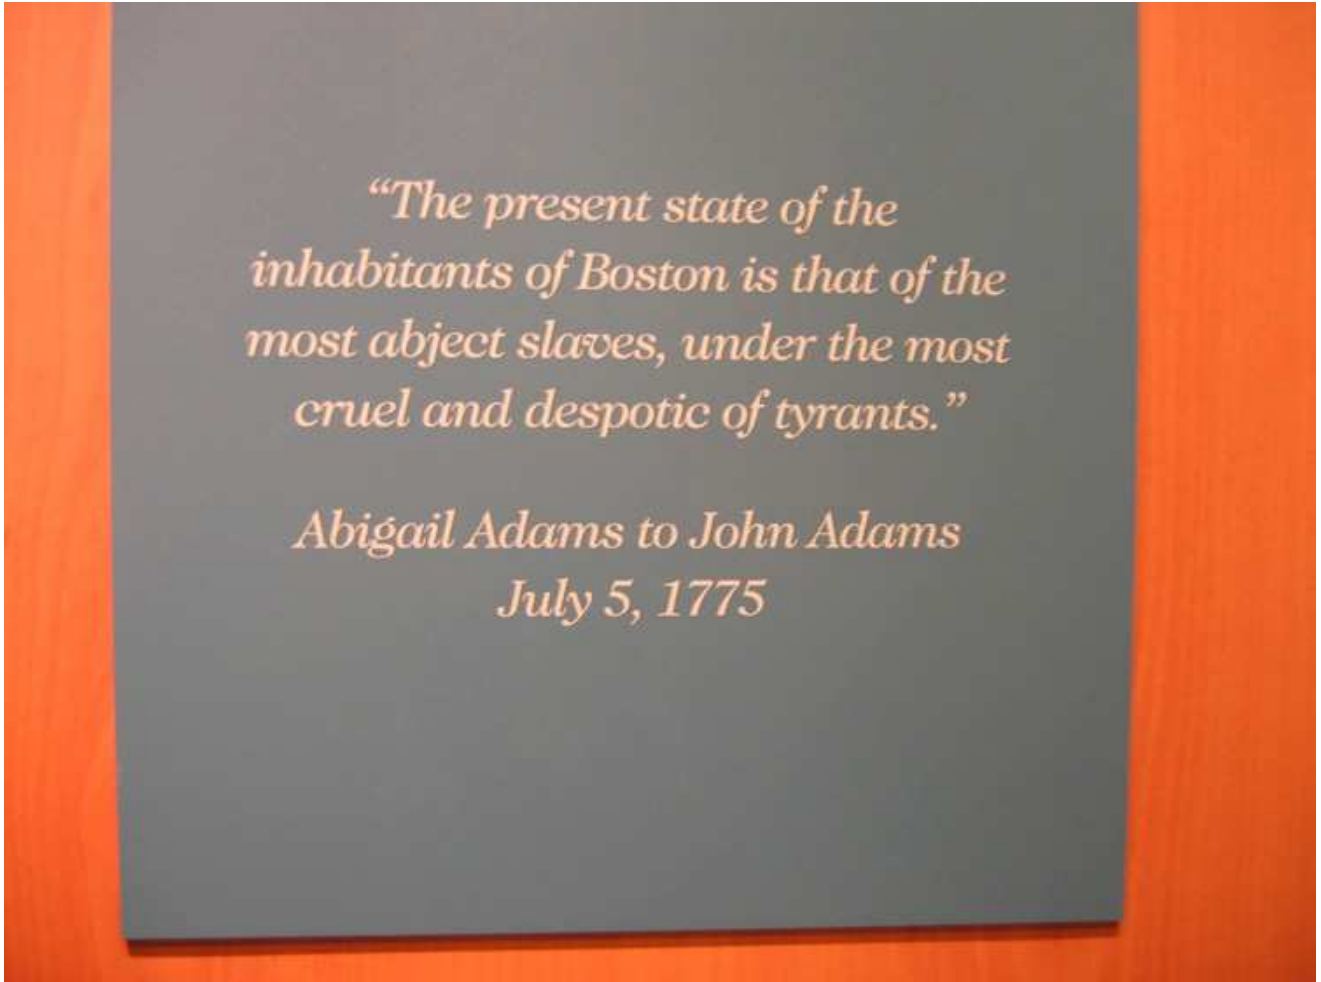

I hope you take this in the spirit of change to take the first step of walking in the light of of true freedom to remake this once great nation back into its true and rightful place as as the model free society General Washington's angel conveyed to him on one lonely cold suffering night at Valley Forge.

Let us work together to quickly return our country to the divine vision of freedom bestowed upon us 232 years ago.

God bless you all and God bless this great country of ours.

Very Sincerely,

John (Jack) R. Venrick

Subject: RE: Eyman to red light camera cities: will you follow Wenatchee mayor's lead?

The city of Auburn along with Lakewood was the original supporters of this life saving measure. We went to the state legislature with a particular focus in mind. We wanted to stop deaths and serious injuries caused by people running red lights. In addition we were concerned concerned with the increasing speeds seen around our schools and our children's safety.

Part of the new state law required us to put up a sign at every intersection with the Photo-safe device. When the legislation passed the City of Auburn put up a sign at every signal controlled intersection in the City of Auburn proudly proclaiming this was a photo safe community.

City Council was adamant that this was for our safety and set the fines at the state minimum.

Since that date we have seen a forty percent reduction of accidents at photo-safe and school zone covered intersections.

Year to date 2008 there have been 7,062 citations issued. The system went live June 30,2006 and the total citations through the end of the the year was 7,354. Citations for 2007 totaled 12,796.

Year to date 2008 receipts are \$634,670 which includes \$374,990 to the provider company for cost of continuing the service, \$30,250 for costs of additional court staff, \$23,896 for additional judge(s), \$31,249 for additional legal department and \$6639 for additional officer officer time, \$58,378 for additional administrative work leaving a net to the citizens of Auburn of \$109,268.

That would mean an expected 2008 funds after costs of service would be approximately \$165,000 actually available for use.

Last year the Auburn City Council approved moving all net red light enforcement funds for local traffic calming improvements. Fund balance at that time had not been appropriated for any other use and stood at \$480,379.

In 2007 City Council approved neighborhood traffic calming projects totaling \$131,217. Year to date Council has approved and we have have completed \$106,130 in local traffic calming projects and have two more pedestrian light projects to install before the end of the year year for an additional \$100,000 bringing the 2008 total to \$206,130.

The draft 2009-2010 budget shows about \$200,000 a year per year in local traffic calming projects from Photo-Safe including remaining remaining fund balance.

There are no other sources of funds for local traffic calming in our cities.

There are no county funds.

There are no state funds.

There are no federal funds.

There are no other sources for neighborhood traffic calming at this time except in emergencies.

Removal of these funds from the local community will have a direct and immediate effect upon our neighborhoods and our citizens awaiting traffic calming improvements in their neighborhoods.

Eyman to red light camera cities: will you follow Wenatchee mayor's lead?

Saturday's Wenatchee World reported on Mayor Dennis Johnson's reaction to I-985: "Johnson said the city's incentive to install cameras is gone if I-985 passes." The story also reported: "Johnson said Wenatchee's not about to put up the money and manpower to run the system if the state's going to get all the money." Wenatchee World, August 23, 2008, <http://wenatchee-world.com/apps/pbcs.dll/article?AID=/20080823/NEWS04/66384>

The voters deserve to know which cities are doing red light cameras for profit, as Mayor Johnson reveals is the case in Wenatchee, and which cities are doing them for safety.

For a long time, many taxpayers have questioned the government's motivation for this very profitable program. With stories like these, it's not hard to understand why: "Spokane is about to join the growing number of U.S. cities enjoying cash windfalls from catching red-light runners with sophisticated intersection cameras." City will profit from plan to deploy intersection cameras, cameras, Spokesman Review, February 23, 2008.

Or this: "The cameras have turned out to be quite the money maker, allowing the city to collect more than a million dollars in fines in the first year from the cameras at four intersections. Mayor Greg Nickels says the program is about safety -- not making money." KOMO 4 NEWS, Jan 4, 2008, Seattle adding more red-light cameras.

Or this: "Red light cameras are popping up everywhere, turning red to 'green.' Auburn brought in \$160,000 in that system's first six months. Lynnwood took in \$300,000 in the first three months." KING 5 News, Monday, Monday, November 5, 2007, Do red light cameras really make streets safer?

Or this from Aberdeen's Mayor Bill Simpson: "With the initiative looming, Simpson said there is 'no guarantee' right now that the city would receive the money generated from the red light cameras, so putting the decision on hold made sense." Daily World, Saturday, February 16, 2008.

A successful initiative in Cincinnati, Ohio recently qualified for the ballot and it asks voters to prohibit red light cameras.

We didn't feel banning red light cameras was politically educational enough. We asked ourselves: how can we show voters which cities are putting them up for profit and which for safety? Not by prohibiting them, but by removing the profit motive by dedicating red light camera profits to the "Reduce Traffic Congestion Account" which will fund I-985's common sense policies. By removing the government's profit motive, we knew we would learn which cities are doing them for safety and which for money.

Mayor Johnson has exposed Wenatchee's motivation as profit. It's only fair for voters to hear from the other cities with red light camera profit centers -- elected officials in those cities should answer the question: what is your city's plan should voters approve I-985?

Email me your responses by the end of the week.
