ACTUAL AND CONSTRUCTIVE NOTICE

Mr. Snyder:

The driver's license # \_\_\_\_\_, erroneously applied for and issued to me \_\_\_\_\_, a white Citizen of California, has been lost or misplaced, therefore, I am cancelling said license, and is made void "ab initio", due to the use of non-disclosure and constructive fraud by the State of California. All other attachments, disclosed or undisclosed, are hereby cancelled and revoked, due to the application of fraud (See exhibit "A"). I am not involved in any taxable activity, nor am I a juristic, commercial person, or a Federal citizen under the 14th Amendment. I am a de jure California Citizen, and thus a Citizen of the United States under the Original Constitution of the United States, with full rights and privileges under the Constitution of the State of California, as espoused in Dred Scott v. Sanford, 19 How. 393 and Van Valkenburg v. Brown, 43 Cal. Sup. Ct. 43.

The driver's license is being used in a conspiracy by the State and Federal revenue authorities to establish a juristic commercial person for excise tax purposes. This is fraud, as nowhere in the application does it qualify that the acceptance of the driver's license changes one's status for revenue purposes, and that you voluntarily waive your constitutional rights to accept a privilege which is taxable and regulatable.

The original intent of the law was only as a "certificate of competence", for the Citizen to travel in their own private conveyance. A chauffeurs license denoted a juristic, commercial person for revenue purposes. This category did not include the private individual, who has the right to travel without any type of encumbrance, nor did he have to pay tribute for the right to travel. The perversion and extension of the juristic/commercial person class to embrace each and every Citizen, by non-disclosure, misrepresentation, entrapment as the elements of fraud, shows a criminal intent to deprive a State Citizen of his liberty, Privileges and Immunities and property for the purpose of raising a revenue for the profit of private individuals.

Under Vehicle Code Sec. 17460, in which consent is granted to the State in the form of power of attorney, proves conclusively that accepting or retaining the driver's license is voluntary and that it is not mandatory to commit perjury and surrender your Citizenship. A juristic/commercial person, a Federal citizen under the 14th Amendment, or a common-law Citizen operating under a franchise or involved in a revenue taxable activity is required to have a commercial/drivers license. A freeborn California Citizen, is not required, as the right to travel applies to him versus a privilege for the others. There is no provision in the Vehicle Code for a "Citizen of California" to obtain a license, as they are not within the intent and meaning of the Vehicle Code.

Therefore, under the above guidelines, which establishes certain

"facts" and imputes "knowledge", you are mandated to make the proper changes in your computer system to reflect that I, \_\_\_\_\_, is a white Citizen of California, and not a "resident", therefore, is not within the scope of the Vehicle Code, nor am I required to have a driver's license to travel for my own pleasure and purposes, as a unenfranchised Citizen of California.

Please send me proper notice reflecting the above, so that I will not be unnecessarily harassed by any revenue officers which includes law enforcement types, who may attempt to enforce a non-existent contract upon me. Your failure to do this may cause me damage and injury, in which you will be held personally accountable and liable.

This document is hereby executed under Civil Code secs. 18, 19 by service of certified mail, and as such shall be judicially noticed in any and all proceedings legal or otherwise, that may be initiated by anyone for any and all reasons.
