

**The Little Yellow Polka Dot House v. The Municipality CON Man**

Room to be naturally free

Will never happen in an artificial corporate municipality

Once upon a time our homes were allodial sanctuaries

Now illegitimately taxed and regulated exponentially

Codes invented by the green and yellow municipality CON

Our waste becomes a crime for revenue

What all animals freely do above the ground

For the Natural Born, it's a crime in your home, on your land, if you do

One by one each private property sanctuary is closed down

By illegitimate misapplied commercial permits, taxes & plans

The English Kings and Queens invented this municipal CON

They codified and criminalized the natural rights of man

Weather, fuel and rural living too, was coded as crimes against humanity

Little houses that always survived in natural cycles of dry and wet

Where water tables naturally rise and fall

The yellow municipality coded this too for revenue making it a crime yet

The high priests of the global elite associations of municipalities  
Revoked the American Founding and Fundamental laws  
Declared a national state of Revocation  
To collect more revenue just because

The first American Revolution rose up and rearranged  
The Rights of man and gave him allodial title upon his land  
But ONLY the names of the Kings and Queens changed  
Freedom and Liberty were disenfranchised into uncountable fictional municipalities

Little houses grew across the land  
Great and small in their natural uniqueness and multiplicity  
Were systematically taken down by the King's and Queen's dirty greedy hands  
They conscripted our bodies, minds and land into artificial commercial municipalities

No freedom, no liberty, no life .....no private or public use of our land  
Only dirty revenue to pay the collateralized extorted debt of the municipality CON  
Paid for by the wages and property of the Natural Born working hands  
And generations of blood spilled upon their land

The existence of the maniacal municipalities is against founding and fundamental laws  
No reason they should be controlling our land, ignorance and apathy blinds our eyes  
Benefiting associations, private and public corporations refuse to abide by our sacred laws  
The Bench, Bar, Bankers and taking Associations have created a prison called the municipality
