

The Significance of the End of the Kali Yuga - the Age of Darkness

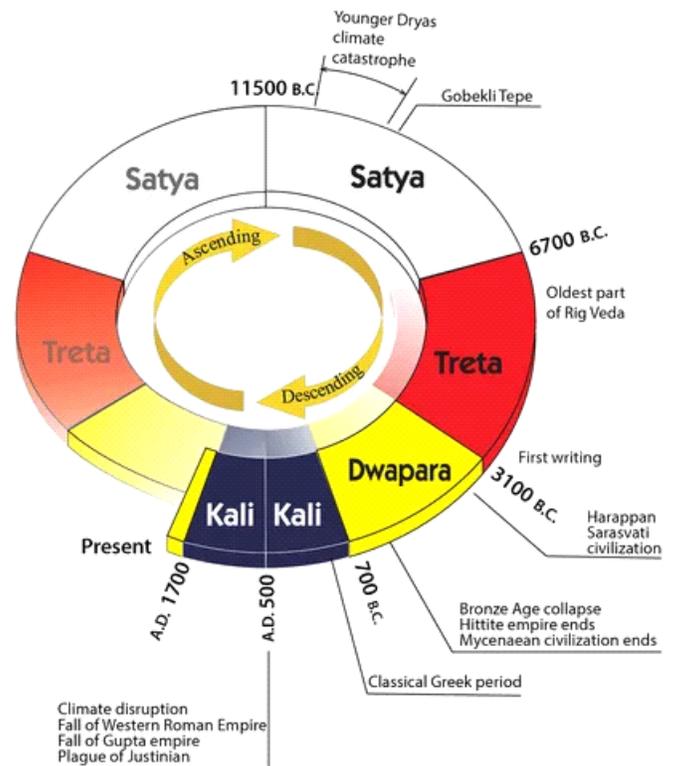

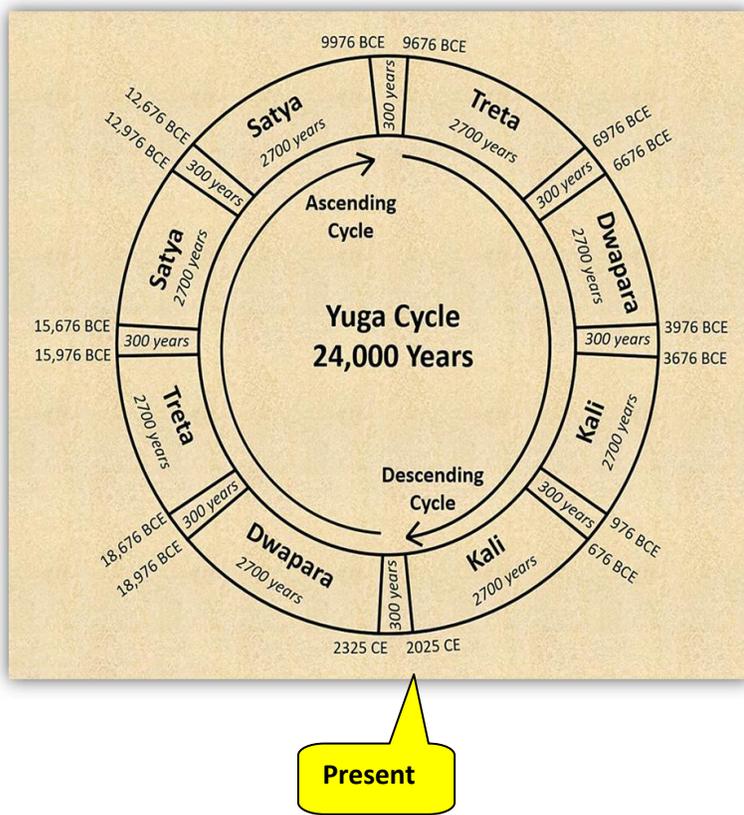

This report is a "trip report" that started in 1980 which led to a trip to an ashram in southern India and an Avatar which after continuously vetting for 44 years has led me to step out on the plank of faith and outline my experience so you can make your own decision of this experience.

- 1) I took this trip with a neighbor friend of mine over the 1981 - 82 year end holidays and met three others at an ashram in southern India.
- 2) In order to justify this leap of faith experience, which still is unfathomable for a straight western mind, I want to relate this backwards if you will to show how this is so positively relevant now.

THE YUGA CYCLES

- ❖ The right colored chart, I pulled off the web from another source showing a similar cycle.

The Significance of the End of the Kali Yuga - the Age of Darkness

BACKGROUND

There are 4 yugas or cycles in time according to a number of ancient India and other civilization texts.

- ✦ The yugas have their origin in the India ancient scriptures.
- ✦ In India, the 4 yugas are called the Satya or Kritsa Yuga (Golden age), the Treta Yuga (Silver Age), the Dwapara Yuga (Bronze Age) and the Kali Yuga (Iron Age.)
- ✦ **Each of these ages or cycles decreases in time, goodness and virtue starting at the 2nd age of the Treta Yuga and they repeat throughout time, see charts Page 1.**
- ✦ **The Kali Yuga is the 4th cycle and the one we are coming out of considered the most degenerate.**
- ✦ The link under the graph above is a good read of 8 pages - <https://www.bibhudevamisra.com/2024/03/the-yuga-cycle-and-earths-precession.html>
- ✦ The author of this graph is Bibhu Dev Misra and gives an excellent interview with a YouTube Podcast Benjamin Grundy “[Bibhu Dev Misra Predicts the End of the Kali Yuga in March 2025](#)”. (1:26 Time).
 - Bibhu is a professional east India gentleman and predicts this Kali Yuga will be like all the others and end in eventual catastrophic destruction.
 - I emailed Bibhu recently and told him my experience in India at the Prasanthi Nilayam ashram with the avatar Sai Baba’s prophecy that we were going into a Golden Age next NOT a destructive end of this Kali age.
- ✦ I sent Bibhu, Dr. John Hislop (PhD) interview with the avatar Sathya Sai Baba in 1997, see conversation notes link and extract directly below and Bibhu who lives in Northern India still believes he is correct in assuming we are in the end time which repeat itself historically throughout ancient scripture per India and a few other ancient civilizations.
- ✦ Here is the rub, I know Dr. John Hislop and he is an outstanding solid man. He is an American, a doctorate (PhD from School of Education University of California LA Campus, was a professor, author of several books and a successful businessman).

 - **1ST^t QUOTE**
 - “1978 - Baba's Declarations about the Golden Age
 - Presently, there is great disorder amongst both politicians and students. This will continue for a time, but at a certain point Swami will step in and bring about some order. (CSSB, 1978, 100.)
 - SAI: Crime has become very bad in India. There is no safety.
 - JOHN HISLOP: Swami, this is not particular to India. The same is true all over the world. How will it end?
 - SAI: To the good. In a few years, all will be peaceful.
 - JH: But Swami, it is getting worse, and it is the Kali Yuga (a world period of diminishing virtue).
 - SAI: No. It is not as bad now as it was. It is like in the ocean. There is a time of high waves, and there may be some peak waves that crash heavily on the shore, but this is followed by a calm and peaceful sea.
 - JH: Many people are saying that, very shortly, we will enter a period of great catastrophe.

The Significance of the End of the Kali Yuga - the Age of Darkness

- SAI: There may be some peak waves, as I mentioned, but the world will be happy, peaceful, and prosperous.
- GUEST: No world war?
- SAI: No. No world war.
- JH: We are fortunate to be alive so that we may see this peaceful world.
- SAI: You will all see it. Even the old men will live to see it.
- GUEST: Then Prema Sai will not have much work to do! Swami will have made the world peaceful.
- SAI: That is some 40 years away. At that time the world will be peaceful. That is the Name: Prema Sai. All will be love -- love, love, love everywhere.
- GUEST: It would be good to be reborn in the time of Prema Sai!
- SAI: It is best to merge with God. No rebirth. (From Dec. 1978 talk in MBI, 188-9.)”
- **2ND QUOTE**
 - **1958 - This Kali Yuga**
 - The present situation in the world is like a typhoon, causing unrest and confusion. No one has mental quiet; fear and anxiety stalk everywhere; panic reigns even while the conquest of space and the creation of new planets is being hailed. (SSS, I, 39; from a talk given Feb. 2, 1958.)
 - Today, the typhoon of hatred and falsehood is scattering the clouds of Dharma [Righteousness], Nyaya [Philosophy] and Sathya [Truth] to the far corners of the sky and people feel that Sanathana Dharma [Hinduism in particular; the Ancient Wisdom in general] itself is in danger of extinction. But that can happen only if the lord wills, and the Lord who has laid down the Dharma [the Law or Order] will not allow it to be destroyed. (SSS, I, 51; March 24, 1958.)
 - The World today is suffering from Rajobuddhi [restlessness of mind] rather than Thamas [slothfulness]; people have violent likes and dislikes; they have become fanatical and factious, they are carried away by pomp and noise, show and propaganda; that is why discrimination has become necessary. To reach the goal, Sathwabuddhi [balance of mind] is essential; it will seek the Truth calmly and stick to it whatever the consequence. (SSS, I, 66; July 25, 1958.)”
- ✚ Here are “The Symptoms of the Kali-yuga” which resonates to our problems today - <https://vedabase.io/en/library/sb/12/2/> according to Canto 12: The Age of Deterioration of the India
 - Here is another list - <https://www.oshonews.com/2018/08/18/characteristics-of-kaliyuga/>
 - Please keep in mind the ancient nature of these symptoms however; they mirror what we are going through here in America, in my opinion.
 - Also keep in mind the interpretation and charts are one persons opinion and everyone has a different take on the Yuga cycles as the western Christians have on interpreting Revelations.

The Significance of the End of the Kali Yuga - the Age of Darkness

MY SHORT TAKE

- 1) We are moving **FROM** a very dark age or Yuga called the Kali Yuga in India scripture to a more enlightened age or a “Golden Age” at least from the stand point of the Kali Yuga age we are now leaving while entering into the Dwapara Yuga.
- 2) I have been to India twice in 1981-82 and 1990 and stayed at an Ashram in southern India for a short time called Prasanthi Nilayam, (Abode of Peace), home to the Avatar Sathya Sai Baba.
- 3) This Avatar and this “Golden Age” period have been long foretold and were confirmed by this Avatar.
 - a. The chronology of this unfathomable story has been well compiled in 40 page in this report - <http://saibaba.ws/avatar/goldenageofsai.htm>
- 4) The age and how the universe was created is described by the Vedas are now converging with modern science or better said the other way around.
 - a. Here is a recent book titled [“The Big Bang & The Sages”](#) which goes into the India Yuga cycles and sacred scriptures called the Puranas and revisits them in light of Einstein’s findings and discover in part that the stated age of the Universe is within **0.1% of the latest scientific estimates.**
- 5) While I am a Protestant and baptized in the Big Hole Valley, Wisdom, Montana around 1954 as a young boy, I have been lucky to travel the world and grabbed this opportunity for a spiritual adventure starting in 1980 which greatly expanded my belief system.
- 6) Millions of people just like you and me from all over the world and of all faiths came to Prasanthi Nilayam including the India government Prime Minister, Vice President of the Republic of India, the Chief Justice of India at that time, a judge of the Supreme Court of India, the Minister of Road Transport, etc. - <https://www.srisathyasai.org/pages/index.html#> to see this avatar all hoping to have an interview or be healed or be given vibuthi, a holy ash which he manifested before your eyes and talk.
- 7) This Avatar performed miracles, I have personally seen some of these miracles and heard and read of uncountable others from solid people who have testified and written books of their own miraculous experiences and I know some of these people. I was on the outside of the inner American circle of the Sai organization in the states and they were all solid people from all walks of life, many professionals, academics, teachers, social workers, PhD’s, psychologists, M.D’s, all had stories to tell that would bend your ear.
- 8) This Avatar has personally seen to uncountable India service projects during his life (1926–2011), water works bringing fresh water to thirsty villages, the construction of a university, mobile medical units, a Women’s College at Whitefield India a few hours south of the main ashram, a state of the art super hospital and uncountable service projects all free for the locals including an educational reform policy worldwide, i.e. India suffers the same moral deterioration the west does. Plus they lose many of their best students and graduates to the west leaving India more vulnerable to fight their poverty. He begs his students to stay in India.

The Significance of the End of the Kali Yuga - the Age of Darkness

God has countless ways to intervene. What I have learned through this journey to India twice is India has the same problems we do because of the same globalist selfish agendas. Let me count the ways, e.g. media lies, Lawfare, warfare on anyone and any country who goes against the globalist agenda including weaponizing vaccines, exporting the best and brightest students to the western world instead of keeping them at home to rebuild India who needs their own best much more than we do. Yes and even holy people in India are slandered mercilessly. Think global to local evil that has no morals, values, belief in God, compassion and priorities other than themselves!

We are living in an epic period of time where the dark cycle collapses and the Golden age rises. This cycle repeats itself throughout time with continual intervention from God's messengers.
