Subject: Jack Notes – Overview of Mike Lindell the Plan How We Secure Our Elections

### **ABSTRACT OF ATTACHED 6 PAGES OF NOTES**

- 1) Mike Lindell has set up a national election crime reporting system in all states and counties over the last 2.5 years.
- 2) He has also found a newly created electronic instrument called a Wireless Monitoring Device (WMD) which can detect all wireless communication within some 600 feet and filter it down by device, e.g. election machines.
- 3) The command center for monitoring all the states and counties will be in Missouri.
- 4) He has created a new web site called [Cause of America](#) to act as the public election crime reporting hub.
- 5) We want elections not selectons!
- 6) We want the machines gone!
- 7) We are going to be watching you!
- 8) We are now the police of our own elections.
- 9) He brought in the leader of Defend Florida which was a succussful effort to canvass some 32 of the 62 counties in Florida.
- 10) Mike has organized 100 large groups in the 50 states and many other smaller groups supporting the Lindell election crime reporting network.

11) I have also added one short overview of other supporting material proving election crime plus recent examples of election corruption in the USA.

Please forward this email and the summary attached of Mike Lindell's one hour talk to everyone you know including your public officials and election departments.

Sincerely,
