HOW GLOBALIST CLIMATE CHANGE HOAX STARTED

Clearly there are many other systemic issues which need attention if humanity is to live in harmony with the planet. New economic, social and political frameworks will need to be put in place to ensure adequate wealth distribution and a proper notion of care. However, unless climate change is addressed as an emergency, those debates will become academic, as the opportunity for constructive human development will no longer exist.

Once the challenge of addressing climate change becomes reality, these frameworks become critically important to the emergence of our sustainable future and a societal renaissance.

The Club of Rome is seeking partners to support this nascent Action Plan, and to help ensure methods of implementation and accountability.

Citizen protests and legal actions against companies, governments and individuals will undoubtedly become an increasing leverage opportunity in support of this emergency approach and have already begun.

6. NEED MORE PROOF - HERE IT IS.

A. The Chain of Environmental Command - EPW(Environmental & Public Works)Republicans release in-depth environmental collusion report, "The Chain of Environmental Command: How a Club of Billionaires and Their Foundations Control the Environmental Movement and Obama's EPA"- July 30, 2014

b) This report uncovers the sophisticated practice of how wealthy donors, referred to in the report as the "Billionaire's Club," funnel money to far-left environmental activists through public charities.

c) **It also shows that current leadership at the EPA is very much an active partner in the far-left environmental movement, and even sponsors their efforts through grants to environmental activists.**

d) **"The "Billionaire's Club," an exclusive group of wealthy individuals directs the far-left environmental movement. The members of this elite liberal club funnel their fortunes through private foundations to execute their personal political agenda, which is centered on restricting the use of fossil fuels in the United States."**

b) **"In other words, the Club of Rome sponsored and disseminated untruths in an attempt to scare us. Having scared many people with these lies, the Club can now tell people the real truth."**

HOW GLOBALIST CLIMATE CHANGE HOAX STARTED

e) "What we have, instead, is a stark reminder of how disinformation works. Note the narrative technique used by Simon: he says that *"Having scared many people with these lies, the Club can now tell people the real truth."* You need about 3 seconds to deconstruct this statement and note how it makes no sense: if the Club successfully told lies to the public, why should it stop doing that? What could the Club possibly gain by publicly confessing of having lied? But narrative follows special rules: what we have here is a typical trope of many modern movies: at some moment, the villains may explicitly confess their crimes (sometimes called *badass boast*) out of pure arrogance, typically in order to humiliate the good guys. So, the trick Simon is using is to cast the Club of Rome into the role of the villains in narrative terms. It is an effective trick." in an age in which we can't distinguish reality from narrative anymore: it is the dark art called "creating one's own reality."

7. Here is an excellent report confirming the green climate agenda lie - "PSYOP-CLIMATE-CHANGE: THE ABSURD CO2 SCAM":

- i. <https://www.2ndsmartestguyintheworld.com/p/psyop-climate-change-the-absurd-co2>.
- ii. Current atmospheric CO2 level is 420ppm which is critically too low per report link.

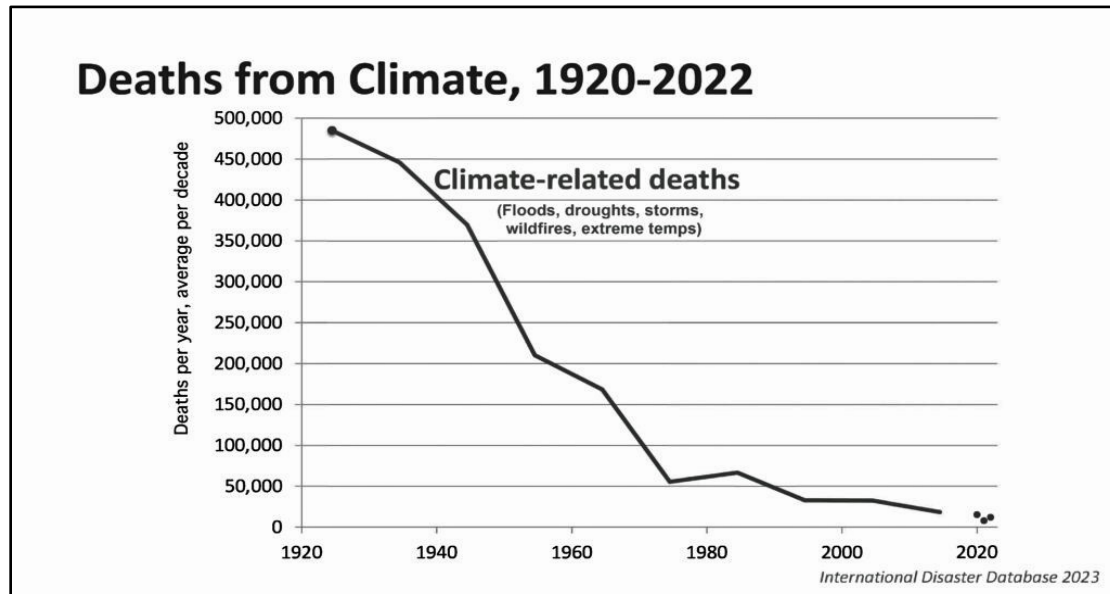

- iii. "The "green energy" scam is a program to impoverish the planet, and accelerate depopulation via hyperinflation, poverty, supply chain shortages and famine. It is really that simple, and in plain sight. "Climate change" is a psychological indoctrination program whereby humans grow to despise themselves as the main cause of planetary destruction, considering the human race a "scourge" upon the world. This is a critical early phase of Death Cult normalization that allows for ritualistic suicide behavior in, say, the uptake of slow kill bioweapon injections."**
- iv. I count some 28 newspaper clippings in link above showing examples of fear mongering climate disasters THAT NEVER HAPPENED, i.e. more mass media B.S. i.e. "If it bleeds it leads."**
- v. After some 60 years of this metastasizing lies into our American Republic consciousness which has cost us trillions of tax and debt, closing of God knows how many honest businesses and families lives destroyed, the truth is finally pouring out.**

HOW GLOBALIST CLIMATE CHANGE HOAX STARTED

We are in a CO2 famine.

HOW GLOBALIST CLIMATE CHANGE HOAX STARTED

I. Memorize the definition of De facto & Karma-

i.e. We are being gamed by generations of pathetic out of date old school defacto farts too super rich to have any fear of God or any common sense that God does not have in place long ago a mechanism to take them out, i.e. the mechanism is called KARMA. This principle of karma is classically secured in India but not so much in the Western countries, most especially in America, guess why.

De facto defined:

This phrase is used to characterize an officer, a government, a past action, or a state of affairs which must be accepted for all practical purposes, but is illegal or illegitimate.

Black's Law Dictionary Fifth Edition

De facto government defined:

One that maintains itself by a display of force against the will of the rightful legal government and is successful, at least temporarily, in overturning the institutions of the rightful legal government by setting up its own in lieu thereof. *Wortham v. Walker*, 133 Tex. 255, 128 s.W.2d 1138, 1135.

Black's Law Dictionary Fifth Edition

De facto judge defined:

A judge who functions under color of authority but whose authority is defective in some procedural form. *Riley v. Bradley*, 252 Ala. 282, 41 So.2d 641

Black's Law Dictionary Fifth Edition

"KARMA - A universal inescapable obligation or duty. There are physical, mental and spiritual karmas, and doing each of these for the Self is called dedication. **Destiny or fate, inescapable "writing" which has to work itself out -- written by one's own hand (and can be wiped out by the same hand). Work, dedicated activity, action, human activity and deeds resulting there from, activity as prescribed for each stage of life.** The Section of the Vedas dealing with the activities that strengthen and purify faith and devotion. **The limitation that is necessary for the creation, fostering and destruction of beings is what is called karma.** Karma is discussed in GV 74-76. (I 56, 114; III 86: IV 12, 150, 278, 303; in V 6, 211, 219, 311; VI 118, 189, 297; VII 177; B; S72: 276; BV 3, 27, 230; GV 18, 33, 132; PSV 71; UV 32; 273: 203)"

II. GOD IS REAL

God is real.
There are two genders.
Human flourishing requires fossil fuels.
Reverse racism is racism.
An open border is no border.
Parents determine the education of their children.
The nuclear family is the greatest form of governance known to mankind.
Capitalism lifts people from poverty.
There are three branches of the U.S. government, not four.
The U.S. Constitution is the strongest guarantor of freedoms in history.
