

How About No Tax, Collapse the Global Trade System Not the US Dollar

Note: The following is an overview of collected graphs & tax facts over the last 20 years supporting what President Trump is indicating re. No tax, e.g. on working class wages. Plus a recent statement by Catherine Austin Fitts.

Note: If the above graphic does not display please link [here](#) or watch video in #3 below.

1. [President Trump Asks, "How About Just No Tax, Period?"](#) (on working class) Link to report by 2nd Smartest Guy in the World Substack. (About 14 pages if you click on "Read full story" link in small red font in report.)
 - a. Only indirect tax funding of the government was NECESSARY in American history to 1913 until the illegitimate establishment of the UnFederal unReserve Act.
 - b. The creation of the UnFederal unReserve was the beginning of the destruction of our economic, financial, social, moral, borders & traditions.

- c. This federal criminal banking act created A PRIVATE banking entity as our national MONEY SYSTEM thoroughly documented by G. Edward Griffin in his famous book “The Creature from Jekyll Island. - <https://realityzone.com/>
- d. Alex Jones says Trump has the unfed UnReserve on his list to de-charter!

2. 20 years of my research more than validates what President Trump and the above Substack author is saying.

- a) The 16 Amendment was **NOT** passed legitimately.
- b) Red Beckman & Bill Benson proved these truths in two large volumes “The Law That Never Was Vol. I & II” published in 1985, congress refused to do anything about it for same reasons as we are finding now.
- c) A progressive income tax is one of the takings on the communist manifesto list; communism has successfully crept into our God given Constitutional Republic long ago and is in the final stage of taking ALL.

The 16 Amendment was not passed legitimately, that is to say Secretary State Knox on February 25, 1913 simply stated it was in effect but never stated it was lawfully ratified. Here is the summary count of the exhaustive study by Benson & Beckman - <https://www.thelawthatneverwas.com> Please note summary directly below.

I purchased Benson & Beckman two volumes of research "The Law that Never Was Vol. 1 & 2 and confirmed there were ONLY 4 states that had absolutely accurately ratified their vote.

The United States needed 3/4 of the then 48 states or 36 to ratify.

MINUS Ohio was counted as a State before it was admitted to the Union (48-1=47),

MINUS Benson/Beckman found 7 states (47-7 = 40) not ratified and so reported,

MINUS 3 states (40-3=37) not ratified but reported as ratified,

MINUS 9 states (37-9=28) with missing or incomplete evidence of ratification but reported as ratified,

MINUS 6 states (28-6=22) failed to have the governor or other official to sign required by the State Constitution.

MINUS there were 6 other groups of defects and word changes that affected 36 states who reported they had ratified.

So you can see the 3/4 majority of 36 was not met even disregarding the 6 other groups of defects and word changes.

There were similar defects in the 14th and 15th Amendments.

Even if this amendment were properly ratified SCOTUS has ruled that the 16th Amendment did not change the constitutional limits on direct taxes.

It "created no new power of taxation" and that it "did not change the constitutional limitations which forbid any direct taxation of individuals."

- a) Also see the table top of this web page to visualize “Legitimate vs. Illegitimate Sources of Revenue in a Honest Constitutional Republic”. - <https://www.freedomforallseasons.org/FreedomFromALLTaxes.htm>
- b) SCOTUS has also confirmed the 16th Amendment created not new power of taxation; never-the-less the federal tax taking on wages, pensions, private property estates and personal homes continues, the US is bankrupt!
- c) AND the fed tax taking is VOLUNTARY HOWEVER, take heed the Deep State will not take your compelled tax payment UNLESS you sign away your rights & perjure yourself agreeing you are voluntarily gifting the compelled tax.
- d) Also ex IRS agent Joe Bannister beat the Lawfare of the IRS against him and still does not pay income taxes however, he was an extremely bright CPA, ex IRS Special Agent and knew how to litigate the trial case.
- e) Never try this on your own or you will surely go to prison just like Sherry Jackson who is also an ex IRS agent but was not as lucky as Joe Banister, see her story about half way down here [same site page](#).
- f) Does this Lawfare game sound familiar after what President Trump & Alex Jones have gone through with many others, this Lawfare has been used from day one?
- g) This is what the communist do, read the Unhumans.
