➤ The state drivers license has a small gold star in a small white background circle in upper right corner.

➤ [Here are my notes from this interview and the link to the must watch 35 minutes.](#)

- 1) If you have a star on your state drivers license you have a Real ID.
- 2) A Real ID is a National ID Card in the making network being established in all countries ultimately to end on your cell phone to track you further.
- 3) This US version of a National ID called Real ID is being pushed by our own President Trump & his Secretary of Homeland Security Kristi.
- 4) There has been no full debate on this of course and it is being rolled out everywhere, e.g. UN, GB, WEF, Central Banks under one sided narrow assumptions.
- 5) American Association of Motorists is also pushing this.
- 6) This Real ID card with ultimately be linked to everything you do like the Chinese card.
- 7) Sec. Of Homeland Security is saying no real ID No Travel which is a lie.
- 8) This is a 2 year progressive plan.
- 9) May 7, 2025 is day one.
- 10) www.RefuseRealID.org (this site is what she gave but is down currently it appears)
- 11) See this site to send a message to President Trump, et al - <https://www.votervoice.net/SFHF/Campaigns/122494/Respond>
- 12) The federal government is trying to force adoption of this bad Real ID- <https://www.dhs.gov/real-id>

Real ID = National ID = Global to Local ID Tracking

- 13) The only good part is they can stop illegals voting or traveling however, this is NOT THE WAY TO DO IT.
- 14) This program is not Constitutional.
- 15) Government can implement and enforce anyway they want with this bad plan.
- 16) This is clear violation of the 10th Amendment and are powers ONLY delegated to the states.
- 17) We need the 50 states to keep the fed in check, i.e. the federal government cannot dictate to the states re. lawful ID.
- 18) The fed wants to heard all into this trackable ID card and then one day when they get enough “flip the switch” too complete invasion of privacy.
- 19) Passport is OK and a state drivers license is OK as they are not part of this digitizing tracking plan.
- 20) The Real ID type card has been rolling out for years by the bad guys to network globally.
- 21) This is a evolving system to gradually collect more and more personal information digitally, i.e. there is no Max data limits.
- 22) Twila Braes and her org. are suing Noem and government.
- 23) <https://www.cchfreedom.org/national-id/> (link here for background detail)
 - ❖ Citizen Council For Health Freedom.
- 24) This Real ID network is targeting the public especially those who comply and trying to establish a test market of gullible users.
- 25) 45 states do not mandate Real ID but 5 conservative states have demanded from their Reps to extract State ID data.
- 26) Real ID = Global ID to take more control over our lives.
- 27) At the same time federal government (statutes, Constitution) say you cannot impose this digital ID Network.
- 28) Americans must stand tall against this globalism and stand for separation of powers!
- 29) Passport is in common law and the constitution.
- 30) The people have to take back their power.
- 31) The states must roll out the legislation to take back the states and people power against this national/global ID.

Real ID = National ID = Global to Local ID Tracking

- 32) The MSM, academia, general government & globalist are trying to bully the people into following their orders not due process and the laws of the land.
 - 33) This is one more step of taking our personal power thru a quiet submission.
 - 34) Alex believes there will be a huge push back May 6 and airlines and powers behind this Beta test will allow for a gradual adjustment period.
 - 35) The deep state and globalist still inpower want a feudalist economy and dumbing down of the sovereign Citizens.
