U.S. agrees to timetable for UN Gun Ban

The United Nations and Secretary of State Hillary Clinton are moving forward with their plan to confiscate your guns.

The United States joined 152 other countries in support of the Arms Trade Treaty Resolution, which establishes the dates for the 2012 UN conference intended to attack American sovereignty by stripping Americans of the right to keep and bear arms.

Working groups of anti-gun countries will begin scripting language for the conference this year, creating a blueprint for other countries when they meet at the full conference.

The stakes couldn't be higher.

Former United Nations ambassador John Bolton has cautioned gun owners about the Arms Trade Treaty and says the UN "is trying to act as though this is really just a treaty about international arms

trade between nation states, but there's no doubt that the real agenda here is domestic firearms control."

Establishing the dates for the Arms Trade Treaty Conference is just the first step toward their plans for total gun confiscation.

The worldwide gun control mob will ensure the passage of an egregious, anti-gun treaty...

. . .and that's where Secretary of State Hillary Clinton steps in.

Once the UN Gun Ban is passed by the General Assembly of the United Nations it must be ratified by each nation, including the United States.

As an arch enemy of gun owners, Clinton has pledged to push the U.S. Senate to ratify the treaty. She will push for passage of this outrageous treaty designed to register, ban and CONFISCATE firearms owned by private citizens like YOU.

That's why it's vital you [sign the special petition](#) I've made up for your signature that DEMANDS your U.S. Senators vote AGAINST ratification of the UN's "Small Arms Treaty."

So far, the gun-grabbers have successfully kept the exact wording of their new scheme under wraps.

But looking at previous versions of the UN "Small Arms Treaty," you and I can get a good idea of what's likely in the works.

Don't let any of the "experts" lull you to sleep by saying "Oh, we have it handled" or "Until you know exactly what's in the treaty you can't fight against it."

Judging by Ambassador Bolton's comments -- who certainly knows what to expect from the American-freedom-hating international crowd that infests the U.N. -- we are certain the treaty's going to address the private ownership of firearms.

If passed by the UN and ratified by the U.S. Senate (which is where we must ultimately make our stand), the UN "Small Arms Treaty" would almost certainly FORCE national governments to:

*** Enact tougher licensing requirements, making law-abiding citizens cut through even more bureaucratic red tape just to own a

firearm legally;

*** CONFISCATE and DESTROY ALL "unauthorized" civilian firearms (all firearms owned by the government are excluded, of course);

*** BAN the trade, sale and private ownership of ALL semi-automatic weapons;

*** Create an INTERNATIONAL gun registry, setting the stage for full-scale gun CONFISCATION. So please click here to sign the petition to your U.S. Senators before it's too late!

You see, this is NOT a fight we can afford to lose.

Here's what you can do to help the National Association for Gun Rights fight Hillary Clinton and her United Nations cronies:

Thank you in advance for your support.

For Liberty,

Dudley Brown

P.S. The Obama Administration just announced they would be working hand-in-glove with the UN to pass a new GLOBAL "Small Arms Treaty."

That's why it's vital you and I fight back IMMEDIATELY.
