1. Please check out the 4 Excel charts AND data sheet via link below.

- Each chart is scaled so you can better see how the national debt was increasingly impacted
 - Ultimately going exponential by uncountable illegitimate takings

2. Also note the other Must See video
3. And any other incoming saved over the years on America's central bank takings.

- <http://www.freedomforallseasons.org/FreedomFromUnFederalUnReserve.dwt.asp>

Some of the takings include;

1. the contrived wars,
2. the illegitimate establishment of a national central bank,
3. the passing of illegitimate never fully ratified 16th Amendment, 17th Amendment, 14th
4. the growing allowance of uncountable illegitimately applied direct, indirect and excise taxes upon natural born Americans
5. the removal of the gold standard and silver,
6. the establishment of the social state with the New Deal
7. and other judicial, legislative and executive political crimes
8. the explosion of debt is directly correlated to the take down of the several states independence
9. the sovereignty and freedom of the natural born individual state Citizens
10. the take over of America by foreign and national special interests
11. the take over of the state Citizens militia, their weapons, ammo dumps and ability to defend themselves
12. all going against the founding intentions, the laws of the land & the "Laws of Nature and Natures God."

The data sheet is a work in progress & represents a crude sample of the data gathered to date. Please feel free to feedback any changes and additions.

The foreign entanglements (war & monetary, etc.) took us down quickly

- Forced political, judicial, legislative, executive & monetary contrivances set up a predestined failure
- Illegitimate entanglements in wars, central banks, debasement of the monetary system,
 - establishment of social & environmental junk engineering, unconstitutional executive orders,
 - illegitimate legislative acts and judicial decisions
- All of these takings beget more illegitimate debt which beget more illegitimate taxes which beget a karmic blow back
 - of escalating taking and tyranny upon the world
 - AND upon the sons and daughters of the several states.

People are not freed or liberated because of debt, they are enslaved.

11/4/2010

- Freedom and liberty are lost, not because of too little funding, but because of too much illegitimate funding.
- The several states and the natural born sovereign free state Citizens, have been extorted into enslavement
 - by a police state because of the karmic blow back of this debt
 - created by the four brokers of the Apocalypse,
 - the Bankers, the Bench, the Bar and the political Brokers.
